GATES OF NATION LOCKED AGAINST BOOZE

Adair Invited Texas Press To Meet In Mexia In 1925

Special to The Daily News

GALVESTON, Texas, June 9.—A move to secure for Mexia the 1925 convention of the Texas Press Association, launched at the closing of the session, was received enthusiastically by the editors. Amarillo was selected for the 1924 meet. Adair invited the Press in 1925 to see the city built by quill and drill.

WILDCATTER GETS BIG WELL IN OKLA.

BRISTOW, Okla., June 9.—Drilling to a deeper sand than surrounding wells, a wild cat promoter here this afternoon brought in the biggest oil gusher in Oklahoma history. The well was gauged and recorded a flow of 24.000 barrels per day.

BULGARIAN GOVERNMENT OVERTHROWN

LONDON, June 9.—The Bulgarian peasant government has been overthrown by a military coup and all members of the Stambouilinsky cabinet arrested, according to an Exchange telegram from Sofia. A new cabinet is being formed.

AMERICAN TENOR AND GIRL WIN LAURELS

Charles K. Hackett and Mlle Elvira de Hidalgo.

Charles K. Hackett, the noted American tenor, scored a great triumph in the opera "Rigoletto," given in Paris. Cheers and applause greeted him, and the press was unanimous in calling him one of the foremost artists of the day. Mlle. Elvira de Hidalgo, youngest woman opera star, was accorded an ovation when she appeared with Hackett. She is but 22 and made her debut at the age of 17.

Drastic Regulations of Uncle Sam Are Now In Full Operation

WASHINGTON, June 9.—America tonight locked its gates against booze. No ship which puts to sea after midnight tonight may legally bring beverage liquor across the imaginary line which marks the three mile limit of America territorial waters. At that hour the new regulations, carrying into effect the Supreme Court's drastic interpretation of the dry law, becomes effective.

Despite protests from eight maritime nations, which see in the new rules an unheard of attempt by the United States government to apply its domestic jurisdiction, government officials predicted that the inauguration of the new policy would be attend with little difficulty.

All foreign nations have been formally notified of the regulations. Protests from eight of them have gone unheeded, and so far as State Department officials will disclose, unanswered.

The Latest Oil Field Flash

The Powell field Saturday morning shows development so far to be eighty five locations and drilling wells. One in authority states, there will be wells going for the deep pay by middle of next week.

The Hughes McKie is holding up at about 5,000 barrels per day.

The Thompson-Springfield has a ripped pipe about 300 feet off bottom and it is there that the water is coming in from. This will be remedied at once and all expect the huge gusher to take it's place again in Texas Oil Field History.

Humphreys R I Kent number 1 set their six and five-eights on top of the sand and is now standardizing preparatory to drilling in soon as the tools are ready. The Humphreys oil have about five wells Saturday, nearing the big pay, all are around the 2,100 foot level and within the next two or three weeks the Humphreys Oil is due for big production in this field.

Of special interest to Mexia is the fact that the Wright well of the Texana Oil company, owned and financed by Denver capitalists after setting for several months was bailed last week and showed at last reports about 300 feet of oil in the hole. However the derrick blew down in the hard wind of the past week and as soon as it is replaced the well will be shot at 3,280 with fair indications of a producer.

House Abolishes State Mining Dept

AUSTIN, June 9.—The department appropriation bill, which occupied the House the entire day, finally passed late today after being engrossed. The only cuts made on the floor of the House totalled $6,350. The bill as passed is some $600,000 less than the same bill as passed by the Senate. The big reduction was the abolishment of the State Mining Board. The duties of this office are to be conducted by the Labor Department.

Mexia Shriners Launch New Idea Will Banquet Twice Every Month

The Mexia Shrine club held its first banquet meeting of the season Friday night in the banquet room of the Hurdleston hotel, with a real live and wide awake crowd of local Shriners and visitors. The program committee broke the ice with a class of entertainment that surpassed anything the writer has witnessed at a luncheon club in many a month. Frank Bolton, president of the club truthfully said, that if the ladies and Blake Smith Jr., had stayed at home, we would have adjourned one hour and fifteen minutes earlier.

After the meeting was called to order and prayer offered by Noble Killough, a real banquet was served consisting of fresh shrimp and everything that goes with it, leaving a strawberry whipped cream taste in the mouths of the fortunate ones present. During the first part of the banquet, Charles Clover's orchestra rendered some real classy, snappy, jazzy, dreamy music that brought in the bacon as usual. The only person that failed to applaud after every number was, President Frank Bolton, who was always busy trying to wrap a piece of celery around a young shrimp, but Frank enjoyed it all.

The program of the evening follows:

Piano Duet; Mesdames Hayter and Denning.

Reading: Helen Clyde McElroy.

Vocal Duet: Miss Priddy and Mrs. Denning.

Drum Solo: Blake Smith Jr., accompanied by Mrs. Blake Smith.

Violin Solo: Miss Simmons, accompanied by Mrs. Hayter.

Blake Smith Jr., captured the audience with his drum solo and was also irght there with a song that caused him to be styled a coming novice and the boys hope some day to see him step out in front with his red fez and lead the gang.

Little Miss McElroy gave a little bed time reading that hit the spot and received much applause.

(Continued on Page Four)

Pure Ice Is A Boon To Mexia

THE MEXIA DAILY NEWS wants to compliment the Central Texas Ice company for making the quality of ice that they are now serving the public. The ice is of such superior quality that we took ocassion to ask Mr. W. W. Roland who has charge of this department, and also chief engineer of the Light plant, and he said that it was treating the water properly and that he would be able to give us the very best grade of ice at all times. Mr. Roland has moved his family to our city and lives at 521 E. Grayson street. He came here from Dallas highly recommended as a gentleman of sterling character and ability in his line. Mexia welcomes him.

France Will Sign Comman Answer

PARIS, June 9.—Poincare notified Britain, Italy and Belgium that he is willing to sign a common answer to the German reparations proposal, provided it simply demands that Berlin abandon her policy of passive resistance. Poincare pointed out that this constitutes the first step, which he considers absolutely necessary before discusing an anwer to the latest note.

WANT RECEIVER FOR KLAN

ATLANTA, Ga., June 9. Hearing on a petition to place the Knights of the Ku KlKux Klan in the hands of a receiver was scheduled to be held today in Fulton county Superior Court.

The petition, which was filed by David M. Rittenhouse of Philadelphia, claiming to represent the rank and file of the Klan, alleges gross mismanagement of the affairs of the order.

Thinks Texan May Know Who Killed William D. Taylor

SEATTLE, WASH., June 9.—One more effort is in progress tonight to answer the riddle of the murder of William Desmond Taylor, movie director, which took place two years ago in Los Angeles.

Police of half a dozen towns and cities are searching for a "six foot Texas cow boy," named Otis Hefner, in the belief that he may be the man who holds the answer to the mystery which has gone down as one of the most sinisterin of crimes.

Hefner is at liberty from the Washington penitentiary under a suspended sentence for an alleged felony. Since he dropped from sight weeks ago authorities here said they had come into reliable information that the bond and diamond which he is said to have offered Crawford E. White, attorney, as a retainer, once was the property of Taylor. As for Hefner, he is not himself suspected of the murder, but, according to authorities, he may be able to tell who it was that shot Taylor to death.

F. W. Welch is confined at the Brown hospital recovering from a minor operation.

I. B. Humphreys and wife left on the afternoon train for Dallas for a week

Important Open Meeting C. of C.

Mexic'n Bandits Wreck Fast Passenger Train

MEXICO, CITY, June 9.—Mexican bandits wrecked a passenger train near Pueblo, causing the deaths of a number of passengers, according to a dispatch received here. Rocks placed on the tracks caused the engine to jump the track. Members of the crew are reported shot. Troops are pursuing the bandits. It is not known whether any foreigners were aboard the train.

J. K. HUGHES TO BE DINED BY DIFFERENT CLUBS

The news has leaked out that friends of J. K. Hughes in the Salesmanship, Rotary and Lions clubs and the Chamber of Commerce will honor him on Tuesday night, June 12th, by giving him an entertainment in the Cafeteria room of the New High School building.

On being asked concerning the affair a member of the committee was rather reticent; but acknowledged the affair was to be held and said that they would guarantee good eats a fine time and a short program.

Mr. and Mrs. Ozie Lewis have returned from a visit in Okla City and Chickasha, Okla.

Next Friday Nite June 15th Is Date For Meet

One of the most important meetings ever held in Mexia will be the Open Meeting of the membership and prospective membership of the Chamber of Commerce which will be held Friday night, June 15 in the dining room of the Hurdleston Hotel.

There is some very important business to be considered at this meeting among which is the selection of a President, Vice-president and Board of Directors for the coming year, who will in turn take charge of the business of the organization. It is an acknowledged fact that there are influential business men in Mexia who are solidly behind the Chamber of Commerce as never before, and those who have given the matter consideration are convinced that Mexia is in need of a powerful business organization today as never before in her history. Recently unqualified endorsement of the organization has been given by the Salesmanship Club and other organizations of Mexia, and every man interested in the welfare of Mexia is urged to attend this meeting. While it is a meeting that is entirely business in the character, nobody will be embarrassed by being pressed for contributions, but it is simply a business proposition that the organization be properly financed and provided for, and every public spirited citizen should look ahead for the entire week and arrange to be present at this meeting.

As has been previously stated,

(Continued on Page 4)

Shriners Gather For Annual Session

Above James S. McCandless Below Conrad Dyckeman

Shriners from all parts of the United States gathered at Washington for their annual convention. James S. McCandless, Imperial Potentate, was warmly greeted on his arrival in the capital. An ovation also was accorded Conrad Dyckeman of New York, who is expected to become the next Imperial Potentate.

Houston Woman Arrested On a Charge Of Forgery

Houston, June 9.—Mrs. Peggy Jordan Griffith, daughter of a former humane officer, was arrested on an indictment returned by the Harris county grand jury. The indictment charges forgery on eight counts and alleges that Mrs. Griffith signed the name of Presley K. Ewing, a prominent attorney, to notes totalling $13,050. She made $300 bond on each count.

Sam Braswell Elected Pres. Tex. Pres. Ass'n.

GALVESTON, June 9.—Sam Braswell of Clarendon was elected president of the Texas Press association for the coming year at the final session of the 44th annual meeting of that body here this afternoon. Amarillo was selected as the next convention city. Immdiately following the election of officers and selection of the convention city, delegates left for a boat trip through the channel. The morning session of the conclave was taken up with a discussion of the libel laws.

NOT MUCH DOING AT AUSTIN

AUSTIN, June 9.—Two House bills by Downs, erquiring affidavit to personal property renditions, and prescribing fees for reporting unpaid delinquent taxes, were engrossed in the Senate.

4 Hundred Are Drowned In Floods In Russia

STOCKHOLM, June 9.—Four hundred persons reported drowned in recent Russian floods which swept the lower Volga valley. Seventy thousand were made homeless. News of the disaster contained in dispatches from Moscow.

Allday Co. Gets A 2,000-Barrel Well In Arkan.

The Allday Oil Corporation have just completed a 2000 barrel well in Section 15-16-15 Union County, Arkansas, in the El Dorado field. This well is expected to materially increase its flow as it is the history of this field that wells increase considerably from the initial flow. The well has an enormous amount of gas.

The company was organized by T. E. Allday, Martin Allday, D. H. Allday and Robert Allday. Martin Allday is a resident of Mexia and his many friends rejoice with him in his good fortune. There are a number of Mexia people who are stockholders in the company.

The company is planning to drill more wells in the near future.

CONDITION OF W. G. ROSS REPORTED WORSE

The many friends of W. G. Ross will regret to learn that his condition is growing worse, and that last night he was considered to be in a dangerous condition.

Miss Alyse Mims of Houston returned to her home Saturday after a few days visit with her friend Miss Cecile Keith of this city.

We want the news, all the news of all the people, while it is news, in or telephone 116 or 301 news items and requests the readers to send and personals of their friends and acquaintances.

Entered as second-class matter, February 26, 1919, at the Postoffice at Mexia, Texas, under the act of March 3, 1870.

MRS. LIZA GAMBLE—A BUILDER

Much has been said in private conversation and in the papers about those citizens who are taking an active part in the building of Mexia. There are many who deserve and who are receiving mention along this line, but thus far all of the boquets have been handed to liberal-hearted men. It is now opportune that a woman should receive a big bunch of flowers for the faith she has shown in Mexia's future and in the things that make a better city in which to live.

Mrs. Liza Gamble, who for many years lived on her little farm out near the Reunion Grounds which only yielded a bare living when faithfully worked by its owner, has lately come into public notice by her liberal gifts to the YMCA and the First Christian Church.

When the good Lord poured riches into her lap as a result of oil wells on her little sandy land farm, she seemed inspired at once with a desire to use some of her money for the uplift of mankind and the upbuilding of her home city and was the real starter of the movement to build a church for the small congregation that had never had a church home in Mexia. She donated the lot and contributed liberally in cash and personal service to the cause, and today the First Christian church building, which would be a credit to any city, stands as a lasting monument to the christian fealty of this good old woman, backed up liberally by her suddenly acquired wealth.

And her love is not alone for her church for she subscribed $1,000 to the YMCA fund also.

Mexia should and does feel proud of such public spirited citizens.

THE FIRE MURDER

A request at the National Board of Fire Underwriters headquarters in New York City to be shown the records in the Incendiarism and Arson department, would open ones eyes to dangers never before dreamed of.

If you saw a man arranging a bomb or a rifle so it would kill unsuspecting persons you would not be satisfied until that man was put in a place of safekeeping where he could not further endanger the lives of the public.

And yet day after day the National Board officials find arson "plants" arranged for starting a quick fire in factory buildings, work shops, store rooms, etc., in the most conjested districts in cities. The fact that the "plant" was discovered before the fire started or that the fire was put out without causing death, or destruction of property does not lessen the criminal intent or responsibility that attaches to the person who sets such a death trap. Yet the public pays scant attention to this class of criminals and conviction for arson is most difficult to secure.

If a man carelessly or wilfully runs over you with his automobile, you immediately demand damage. Yet if he carelessly or wilfully burns up your property or causes the death of your family from fire, you never think of attaching responsibility to him. It is this lack of public interest that causes American fire losses to mount to $500,000,000 a year with an annual death total of 15,000 persons.

BELIEF IN PRAYER

The marvelous Sermon on the Mount has been proclaimed by many lovers of His Holy Word and by critics as the greatest piece of literature ever written. In that gospel message, Jesus was not reciting beautiful figures of speech; he was proclaiming immutable law.

Just as immutable also is the declaration "All things whatsoever ye pray and ask for, believe that ye receive them, and ye shall receive them."

Business men, laborers, citizens engaged in all walks of life are tunring to prayer to bring them comfort, happiness, health and prosperity. The following is an article taken from the Portland, (Ore.,) Journal, which reveals that this is true and that men are recognizing that belief is a vital element in prayer:

A demonstration of 200 business men's faith in healing by prayer was offered Tuesday when the Rotary club at its meeting united in prayer for the recovery of William A. Montgomery, v president of the club, who was stricken witl apoplexy.

"I am a praying man and I believe in the efficacy of prayer," announced J. Roy Ellison, president of the club. "I want to ask you to join in prayer for the recovery of a beloved fellow member."

Dr. William Wallace Youngson, a Rotarian, led the prayer, while Rotarians, regardless of creed, joined by standing.

(Rotary clubs are composed of one representative from all lines of endeavor and classifications).

CIVIC PRIDE

Mexia is duly proud of her paving. Yet in a way it will be in vain IF we do not carry on. Paving is fine and well and every well ordained city must be paved—BUT that is merely part of the job. Hot summer is now upon us and many premises about our city need cleaning. Keep the man with the hoe on the job. Weeds are not only unsightly, but they are the breeding places of mosquitoes—one of the greatest enemies of mankind. You may think your lot small, your weed-patch unnoticed, but did you ever realize that we Americans like to be led—we like to follow. Hence we need a leader—so you try being a leader in your neighborhood and see how soon the other fellow across the street decides that his place needs cleaning and will follow suit.

Weeds are not the only unsightly evidences of neglect around your premises — unkept grounds where trash and rubbish abound speak louder than words of some one that don't care. These are the objectionable features and after eliminating them turn your thought to beautifying. A few flowers and shrubs will make your home look like a garden. The stranger in our gates will want to stop and stay a while and will add greatly to your own pleasure and good.

CENTRAL TEXAS PRESS
By N. P. Houx.

Bootleggers are said to be rushing booze from Canada into New York before the federal authorities "dig in" and thus establish dead line for rum runners. Wonder if Al-cohol Smith will give the wets any more assistance

Wonder what ails the Mexia News? It has about quit visiting this office The News is too good a paper to miss and we want it. We want it regularly, and if the managers of that excellent paper do not place the Hustler back on their X list we are going to say something about it—Thornton Hustler.

Why, Joe, bless your old heart, the News starts to you every day, and if Uncle Sam does not see that it gets to the other end of the journey we are going to say something to him about it.

We study the movement of people on the streets with some curiosity. When mother appears on Texas avenue we guess she is going to the railway ticket offices, and when father appears on Travis, he seems to be headed for the market.—Geo Bailey, in Houston Post.

Just as it used to be in Kansas City When a fellow got off the elevated car at State Line and wended his way down the steps to the street you could tell whether he was after a drink or seeking a little game of draw. If he turned into the Missouri side it was a drink, while if he went Kansasward it was to take a hand in a game.

If it be the intention of a large number of the members of the present Legislature to put a crimp in the political aspirations of Governor Neff by opposing his recommendations and withholding co-operation when it is for the best interests of the state, the chances are two to one the effort will fail. Neff has not tried to intimidate or dominate the Legislature He simply had plead with it to act in a business way. On the record he has made, contrasted with that of both legislatures, he can go before the people for a third term and win out.—Denison Herald.

And when the question comes before the people as between the governor and the legislature it will be an easy thing to tell which way the cat is going to jump. The people as a rule are not going to stand for the tomfoolery of the law makers as practiced the past few weeks.

That supposed "plot" to restore this country to England will cause a merry ha-ha to go up all over the land. Old Shakes. was certainly thinking of his own countrymen when he said, "what fools these mortals be."

Representative Carpenter, of Dallas has before the legislature a bill proposing that the constitution of the United States shall be read and studied in the schools and colleges of Texas. We had never seriously thought of the need of a public school course in the organic law; but that greater respect for that great creation of the fathers of this depublic is sometimes needed is shown by the refusal of the New York legislature to further co-operate with the federal authorities in the enforcement of the national prohibition law based on the federal constitution—Terrell Transcript

Would it not be a good idea to open night school for members of the New York legislature in order that they might study the federal constitution.

The string used yearly by the postal service of the U. S., if tied together would reach from New York to London, back to New York, and then there would be enough left over to cross the continent to San Francisco.—Thornton Hustler.

How about the red tape? How far would it reach?

Miss Margie Neal, newspaper woman of worth and a lady of wonderful attainment, whose home is Carthage, Texas, is spoken of as a possible candidate for Congress in her district. If she decides to make the race we predict she will win, and among the many honors already accorded her, she will hold that of being the first woman in Congress from the Lone Star State. No better material could be found in her district or in any other district of the State to send to Washington. She has made a close study of politics and her views are sane and wholsome and she represents the true type of Southern womanhood. Wish we were back in our old home at voting time so that we could vote for Miss Margie.—Mineral Wells Index.

Why not run Miss Margie for congressman at large, and then we can all vote for her She would add dignity to the national congress, or any other body of intelligent people.

TO THE STOCKHOLDERS OF THE J. K. HUGHES DEVELOPING COMPANY

We give herewith a brief statement of what we are doing and what we are trying to do—

21 Producing Oil Wells
7 Wells Drilling in the Powell Field.
3 Wells Drilling in the Currie Field.
1 Well Drilling in the Laredo Field.
1 Well Drilling in the Gonzales Field.
1 Well Drilling Near Kerns (east of Powell field).

I think everything looks very bright for the Developing Company at the present time. It is my opinion that within a very short time the J. K. Hughes Developing Company will have a BIG MELON CUTTING. I advise all stockholders who own stock and haven't it in their possession at the present time to make immediate arrangements to have it in their possession and recorded in our office in order to be in on the melon cutting.

We have no guarantee to our stockholders other than an honest run for their money.

J. K. HUGHES DEVELOPING COMPANY
J. K. Hughes, President.

COWBOY LIFE AND PLEASURES PLUS MODERN COMFORTS ARE OFFERED TO VACATIONISTS BY ALBERTA RANCH

Are you one of the many who have wished to enjoy a taste of "ranch life," a taste of the fun and freedom of that sort of life without any of the drudgery that accompanies it when ranching makes up one's whole life?

Out in Alberta, just where the foothills begin to merge into the Canadian Rockies, lies the "Kananaskis Dude Ranch" where you may enjoy all the delights incident to ranch life and some others besides. The buildings consist of a large ranch house for dining and social purposes, it contains also bathroom and seven large bedrooms. Cabins are also used for sleeping quarters, thus insuring a certain degree of privacy. Those who desire, may sleep in Indian tepees. Meals are served in true ranch style on a long table.

Riding is, of course, the main diversion and each guest has his own cayuse. These cayuses are all well broken and visitors may learn to ride, rope, brand, pack and camp. You may think you know all about riding from your canters through city parks, but one gallop over the bunch grass on your Indian pony will accord you a new sensation. These ponies combine in one the mountain goat's sure-footedness and the antelope's fleetness.

The Morley Indian Reservation, the home of the Stoney Tribe, adjoins the ranch on the east. The whole tribe, clad in their gayest attire, go into encampment once a year at Banff, there they participate in all sorts of races, archery contests and other events. They also stimulate a great business in ice cream cones, for young and old, male and female, they have developed an abnormal fondness for this delicacy.

A five day trip from the ranch will be made to Banff for Indian Day, which occurs July 16 and 17, visiting Kananaskis and Spray Lakes enroute. Other five day trips include Mt. Assiniboine and to Devil's Head, the latter mountain has never been climbed. A ten day trip can be made into the Rocky Mountains and Yoho Park. Visitors should bring riding clothes with them, also bathing suits for bathing in Stoney Lake. The fisherman will do well to fetch along his own tackle for the best fishing in the Rockies is found in Kananaskis Lakes.

A fortnight or longer of this open-air ranch life is bound to result in better health, although the Ranch is in no sense a sanatorium.

THE GAME BY INNINGS

First Inning.

Corsicana.—Clapp grounded out Leedy to Roysters. Molmquist walked. Sengotta got a double down third base line, Molmquist going to third. Lacy out Gepput to Royster, Molmquist scoring. Sengotta going to third. Speegle out, Whitney to Royster.

Mexia.—Gepput to second, Scruggs to Speigle. Gepput stole third. Leedy hit one for a round trip over right field fence, scoring Geppert ahead of him. Butler out, Molmquist to Spugle Johnson walked and then stole second. Bryan hit one against right field fence for two bases, scoring Johnson. Powell walked. Boone now pitching for Corsicana. Whitney forced Powell at second. Molmquest to Sain.

Second Inning.

Mexia.—McCarthy fanned. Gippert walked and went out. Lacy to Molmquist. Royster flew out to Sain.

Third Inning.

Corsicana.—Boone got a single to center. Cloop sacrificed Boone to second. Geppert to Royster. Malmquest sacrificed Boone to third, Leedy to Royster; Sengotta walked. Lacy flew out to Bryon.

Mexia.—Leedy out Sain to Speegles Butler safe on Grubb, slow throw of his easy grounder. Johnson flew out to Grigg. Bryan batting. Butler stole second, Bryan safe when Speegle failed to touch the bag, after Malmquest's throw. Butler to third. Howell grownded out Malmquist to Spegle.

Fourth Inning.

Corsicana.—Speegle walked. Grubb batting; Speegle caught out on first, Whitney to Royster. Grubb had throw called on him. Sain out Butler to Royster.

Mexia.—Whitney out, Malmquist to Spoegle, McCartley fanned. Geppert flew out to Cloop.

Fifth Inning.

Corsicana.—Grigg out, Butler to Royster. Boone walked, Cloop safe, when Royster dropped McCartley throw of his bunt. Boone going to second. Malmquis popped to Whitney. Sengotta forced Cloop at second, Geppert unassisted.

Mexia.—Royster walked, Leedy sacrificed Royster to second, Lacy to Spoegle. Butler safe on Sain error, Royster going to third. Johnson sacrificed Butler to second, Sain to Spoegle. Bryan popped out to Sain.

Sixth Inning.

Lacy safe on Butler's wild throw to Royster. Spegle sacrificed Lacy to second. Whitney to Royster, Howell backed up against the boards to get Grubbs' long fly. Lacy going to third, Sain flew out to Bryon.

Mexia.—Howel out, Malmquest to Speegle, Whitney fanned, McCartley got a Texas Leaguer over short. Geppert out, Malmquest to Speegle.

Seventh Inning.

Corsicana.—Griggs whipped at three. Boone out, Geppert to Royster. Cloop walked, Malmquest got on when Geppert fumbled his hot skinner, Cloop going to second, Sengotta walked feeling the bases, Lacy lined out to Geppert.

Mexia.—Royster popped up to Malmquest Leedy hit out through third for one base. Butler batting, Leedy stole second, Butler out Malmquest to Speegle, Leedy going to third. Johnson flew out to Grigg.

Eighth Inning.

Corsicana.—Speegle out, Leedy to Royster, Grubb walked, Sain batting, Grubb out stealing, Whitney to Leedy, Sain popped out to Leedy.

Mexia.—Bryon made Cloop go back to get his long fly. Howell flew out to Grigg, Whitney out, Sain to Speegle.

Ninth Inning.

Corsicana.—Seemer, batting for Griggs flew out to Leedy, Boone out Geppert to Royster, Cloop flew out to Howell.

MEXIA 3, CORSICANA 1

By HECK

After spotting the Gumbo Busters to a one run lead in the first frame the Gushers came back and tallied in the same round and chased Scruggs to the dugout. The Busters opened with Leedy throwing out Clopp on a nifty play. Malmquist walked, Sengotta socked a double to left. Malmquist scored while Geppert was making a fast play on Lacy's grounder over second getting his man by a step. Geppert opened the Gusher half with a walk, Royster sacrificed, Leedy drove one a mile over the right field wall. Malmquist made a fine play getting Butler at first. Johnson walked and swiped second and scored on Bryan's two base drive against the right field fence. Howell walked and Grubb yanged Scruggs in favor of Daniel Boone who stopped the picnic right pronto and kept it stopped for the balance of the game. From there on the game was a fine pitching duel between Boone and McCarthy. The Gushers getting but three hits off Boone and the Gumbos collected the same number from McCarthy's slants. Marlin opens a three game tilt this afternoon at 3:30 and it loks like Carl Hill will tie up with Andy Andrews and that means it will be a battle from start to finish.

IMPORTANT OPEN .....

(Continued from Page 1)

this meeting will be no speaking contest, and long winded oratory will not be permitted, the duration of the longest speach will be 10 minutes.

Those interested in the welfare of the town, who really have the progress and well being of Mexia next to their hearts, are urged to watch the papers for further mention of this meeting and to make their arrangements to be present.

In speaking of the meeting the secretary of the Chamber of Commerce said, "There are times when no one else can take your place as a citizen, and I believe that this is one of the times. It is my opinion that a public spirited citizen would claim attendance on this meeting as a right and a privilege and I believe that Mexia will respond as she has always done."

A post card from Garland Adair states that he is having a good time in Galveston attending the Press Association an dwatching the mermaids cavort around in the surf.

Lions Have Farmer Friends As Guests At Meeting Last Friday

A very interesting meeting of the Lions club was held Friday at their regular weekly luncheon at the Lions Den at the Hurdleston Hotel.

At a previous meeting the members were requested to bring with them a farmer friend as their guest, and several availed themselves of this opportunity and the following guests were present: Joe Thornton, L. S. Suttle, Henry Unfried, J. R. Collins, A. W. Brodnax, Luther Cox, J. L. Cogdell, J. H. McReynolds, J. D. Speight, and H. W. Tolson.

It was not the purpose of the Lions to try to sell their guests any thing nor tell them how they should run their business but simply a friendly get-to-gether meeting and hoping that to know each other better would mean to love each other more. Rev. G. T. Reaves, pastor of the First Christian church, was the leader for the day, and furnished a very interesting program. The Elks band and Mrs. Oscar Denning and Mrs. Wyatt Hayter furnishing the music for the occasion. H. W. Tolson responded to an invitation and made a very interesting talk. It is the purpose of the Lions club to continue to invite their farmer friends from time to time as there is no question but that our interests are mutual and that quite a great deal of good can come from closer relations and better acquaintance.

Mexia can boast of having some of as progressive farmers as can be found anywhere in the state and we should cooperate with them in any way that we can.

It is the purpose of the Lions club to be of service to the community at any time and in any way that they can.

D. Trickett was appointed leader for next Friday and the Lions club is assured of an interesting program.

Ford Tourist Now Enjoys a Greater "At Home" Feeling

FAMILY LARGER THAN EVER AND SERVICE ALWAYS NEAR TO MAKE HIS TRIP ENJOYABLE

That satisfying "at home" feeling which the Ford tourist always has felt wherever he has gone will be stronger than ever this summer. There are now nearly 6,000,000 Ford cars in use in the United States and he will come upon more members of the great Ford family in the towns and cities and along the highways of the nation than in any year heretofore.

In the last year alone 1,500,000 new Fords have gone into use throughout the country. And the Ford owner who goes touring enjoys what no other car owner enjoys, the satisfaction of knowing he has the greatest of service facilities at his command, assuring him of a pleasant journey no matter where his travels may take him.

In addition to the Ford dealer organization of more than 9,00, there are over 11,000 authorized Ford service stations in the country, making a total of more than 23,000 points of contact with the motoring public.

Naturally the increased use of Ford cars has brought a corresponding increase in service responsibilities. Ford dealers, everywhere, acting under the definite service policy of the company, are fully prepared to meet the new responsibilities. Their mechanics, many of them graduates of the Ford service course, are expertly trained in meeting all service requirements, and the dealers have provided themselves with special and approved equipment which enables them to meet any demand, promptly and efficiently, thus affording the Ford owner every facility which contributes toward making motoring as inexpensive and as enjoyable as possible.

The high excellence of Ford performance under all road conditions has made it the most popular of cars for general touring and also the most economical, for service is always close at hand when any minor adjustments are necessary.

Clay Freeman And Wife Permanently Located In Mexia

The return to Mexia last Thursday afternoon of Mr. H. Clay Freeman with his bride, adds another permanent family to the citizenship of Mexia.

For a number of years Clay has been a traveling salesman, making all parts of the country selling various lines, and his home was where he hung his hat—a sorry home, to be true—but several months ago, anticipating a different life, he bought the new cottage at 207 South Canton, that was built in the early part of the oil boom for Mr. Hill, the then secretary of the Humphreys Oil company, and after making some changes and improvements, furnished it throughout with the best modern furniture to be had, and when he arrived Thursday afternoon with his bride she was at once installed as queen of the home, and now, Clay says he has just commenced to live and hopes to be a permanent citizen of Mexia, to share in her successes and to contribute his part in the building of a city.

We all congratulate Clay on the step he has taken, though a little late in life, and also the fair bride on her choice of a life partner, a man of Clay Freeman's sterling qualities.

Julius Fohs and Bob Bratsch of the Dallas office of the Humphreys Oil Company left by auto Saturday for Cury for a general survey of the field, after which they will drive to Corsicana and catch the interurban for their home in Dallas. Mr. Fohs is preparing to sail with his family on the twenty-third of this month for the Holy Land.

MACCABEES HOME WHERE PENN ONCE SMOKED PEACE PIPE WITH INDIANS

THE DAIRY HERD

WILLIAM PENN

CHICAGO — Historic mementos of William Penn on the estate owned by the Maccabees home at Chatham, Pennsylvania, will be carefully preserved for America, D. P. Markey, supreme commander of the Maccabees, assured a meeting of colonial societies here. The Maccabees property is part of the original grant to William Penn by King James II of England in 1681.

"Site of a hunting camp of the Delaware Indians is on the Maccabees home estate," said Mr. Markey. "Tradition gives this as the spot of one of William Penn's treaties with the tribes. One of the buildings that have been religiously preserved on the estate is a Colonial stone house built in 1733 under the direction of Penn's heirs near the Indian camp ground.

"It may eventually be made a museum or repository of Colonial and Revolutionary relics. Every foot of this land is sacred ground saturated with memories of the birth of America."

By a recent amalgamation the Pennsylvania state home of the Maccabees on the Penn grant at Chatham, Pa., has passed under the control of the National Maccabees Home and Relief association. The amalgamation gave the association a fund of $500,000 and enlargements and improvements are under way at the home. It will be used to care for the sick, indigent and aged of the fraternal society which recently decided to nationalize its philanthropies. A farm and dairy will be operated for the resident beneficiaries.

MEXIA SHRINERS .....

(Continued from Page 1)

The other ladies on the program need no introduction, to music lovers of Mexia and the club feels much indebted to them for the splendid program which was arranged by them on short notice, which goes to show, they need no preparation and are always willing at any time to give of their talent, and the Shriners are indeed fortunate in numbering them as their warm friends.

After the program was finished, the persident called on every one present to respond to his name and was given an opportunity to make a few remarks. Every one present was loud in their praise for the splendid program of the evening and expressed the hope of attending many more such peasant evenings with the Shrine club.

Noble Reed, Treasurer of the Humphreys Oil company and a 33 degree Mason, a member of Kismet Temple made a talk, which was highly enjoyed by every one, he spoke of some

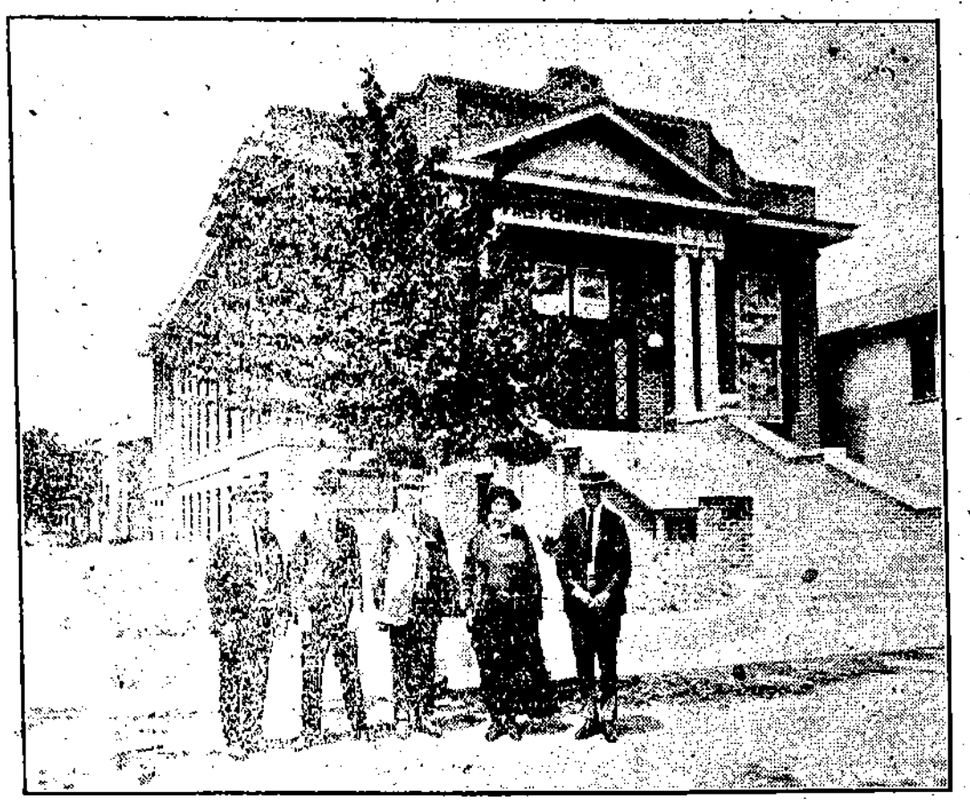
FIRST CHRISTIAN CHURCH, MEXIA, TEXAS
REV. G. T. REAVES, Pastor



Building Committee: Carl Davis, J. E. Baxter, C. O. Sergeant, Mrs. Liza Gamble and W. B. Kendrick.

An Accomplished Task In Mexia

By Rev. G. T. Reaves

The following address was delivered before the great body of Christians at Fort Worth the first of the week by Rev. G. T. Reaves, pastor of the First Christian Church of Mexia.

Mexia, has been described by many as the "Miracle City" of flowing gold. I am sure that many of you read the article in the Christian Courier under date of May 3rd. 1923 entitled, "A triumph of Texas Christian Missions. 'On The Job' in Mexia," by Bro. J. C. Minor. Bro. Minor described the city of Mexia in the days of the 'Boom'. How that tired horses drew heavily laden drays through the rough streets past tents loaded with oil field supplies moved slowly along the crowded highways on the backs of Hudsons, Packards, Dodges, Fords, kept up a noisy hum, honk! honk! causing many hearts to thump the faster; dense crowds of busy men and women surged to and fro on the narrow sidewalks, all bent on one object, to capture the elusive flowing gold, which over night had made Mexia "The Magic City."

Into this teeming, throbbing city came the Texas Christian Missionary Society. Four times it had sought to get "On the Job," and four times no opportunity was found. Four times no way was discovered to lay upon the hearts of the people the claims of the disciples of Christ. When the oil boom was at its height the Texas Christian Missionary Society sent Pastor-Evangelist J. C. Minor to Mexia and he caught a vision of the great opportunity there and conducted a short revival and succeeded in bringing a few of the Christian people together. There was the very much accomplished at that time, due no doubt to the fact, that the mad rush for gold had overshadowed the desire for spiritual things, but seed were sown that later yielded fruit, for about three months after the meeting Bro. Carl Davis, who is now our wide awake progressive Bible School Supt. called at a number of homes and told the people that on the following Sunday they would organize the Christian Church Bible School at the Grammar School building; and on the day appointed, which was the first Sunday in January 1922 there was organized a Bible School of only seventeen members. This was indeed a small beginning, but in that number were people who had vision of a congregation of Disciples of Christ worshipping in a beautiful church building of their own in Mexia. Bro. Carl Davis was selected for Supt. of the Bible School, and he is one man in our congregation of whom it is said, that if you throw cold water on him he will boil it. Under his able leadership, with the co-operation of good teachers and workers the Bible School has made a very satisfactory growth and now we have an attendance of more than two hundred.

A few months after the organization of the Bible School the Texas Christian Missionary Society sent Pastor-Evangelist A. K. Scott to get 'On the Job' in Mexia. He was there only a short while till the Christian people of Mexia were helpig support him. Not only in helping take care of his salary and expenses but giving to him that support that would bring to pass the desire of the Missionary Society, "To see in Mexia a congregation of Disciples of Christ worshipping in their own church home." One Sunday (about one year ago now) Bro. Scott together with Bro. Davis took dinner with Mrs. L. Gamble, a widow. This good lady had known what it meant to be in need for she had felt the sting of poverty, but fortune came her way. Her little farm was situated in one of the richest parts of the oil field and there was located on it seventeen wells from which flowed the liquid gold. She told these men that she wanted to help build a Christian Church in Mexia and authorized Bro. Scott to select a lot, and Bro. Scott selected one of the most desirable sites for a church building in the city, and Mrs. Gamble wrote out a $2,000 check for the lot and then gave $3,000 more to apply on the building. With this encouragement Brother Scott busy to solicit more funds for the building. There is one man in Mexia who deserves so much credit for our building. He had longed to see a Christian Church in the city, but as he had not been a man of wealth, but one who had to work to support his family, he had not been in a position to help in a financial way the building of a church, but at last the Lord smiled upon him and made it possible for him to help in a large way and see his dream of a church in Mexia come true, for today he is the proud owner of alittle farm with twelve producing oil wells. When asked what he would give on a church building he stated that he would give $5,000. Later he doubled this amount and today is carrying every cent of the indebtedness on the building and is not worrying about it, for it is only a few thousands that can be taken care of in the near future. This man is W. B. Kendrick, now one of the elders of our congregation and chairman of the Board of Trustees. He has taken an active interest in the church from the beginning. He was on the ground when the building started and there every day until it was completed, and his heart remains in the work.

Among other large donors, who gave in the sum of a thousand dollars or more permit me to mention the name of Col. A. E. Humphreys, of whom most of you have heard I am sure, the discoverer of the Mexia oil field, and while the field has made him millions he has made it possible for others to reap millions from his work. He is a great benefactor and is helping many worthy causes but one of the best things he has done in Mexia is the help he gave in building the First Christian Church. (It might be of interest to some to know that Col. Humphreys is a member of the Christian Church.) I would also like to mention the name of W. W. Barnett, who is not only one of the leading citizens of Mexia but a man who has won his way into the hearts of the people there by helping make the city a more desirable place in which to live. One other I wish to mention in person and that is C. O. Sergeant, who was on the building committee and gave much of his time as well as money in helping make possible our beautiful house of worship. There are others who gave just as much or more in proportion to their ability as those who gave thousands and they were just as proud of the accomplished task, for there is no class of distinction in our church. We are one great family. The very poor are just as welcome as the very rich for the church belongs to all. It is said that we have more sunshine in our church to every square foot than any other place in the city and I believe that is true. Our church membership is only seventy-eight but our Bible School enrollment is more than three times that number, and I believe there is a great future for the Christian Church in Mexia. This task has been accomplished by the Texas Christian Missionary Society kindling within the hearts of the people there the desire to 'Rise up and Build.'

Bro. J. B. Holmes kept the work in Mexia constantly on his heart and rendered valuable assisstance to the people there, and spent some time with them himself, and preached some great sermons that are still remembered, and he lives in the hearts of those who had the pleasure of hearing him. When I arrived in Mexia only three months ago to take charge of the work, I found the church building just completed, a wide-awake Bible School, an active Christian Endeavor, and a large attendance at the mid-week services.

In conclusion I wish to make an appeal in behalf of the Texas Christian Society. The last act of our master on earth was to lay the mantle of missions on our shoulders. Mr. Edison has in his labratory a phonograph cylinder which he values very highly because it contains a message spoken to the inventor by Prince George of Greece. The message is as follows: "Hail Edison, greatest of inventors, George, Prince of Greece salutes thee." But I know another message spoken by the Bible, which is infinitely more interesting than that. It is a word of command and good cheer from him who is King of Kings and Lord of Lords: "Go ye, therefore, and teach all nations, baptizing them in the name of the Father and Son and the Holy Spirit: Teaching them to observe all things whatsoever I have commanded you: and lo, I am with you always, even unto the end of the world." More potent language was never uttered since the world began. It is from this commission that every true Christian worker derives his authority, and we should say "Go," yes, a little word but world wide in its beneficent sweep. The apostles had first come, now Jesus commands them to go. Herein lies the secret of successful Christian propagandism. Go! says the Master. Have we gone? Almost nineteen-hundred years have elapsed since the command was given and yet today one-third of the inhabitants of this old world have never so much as heard that there is a savior. Nineteen centuries have dragged their weary lengths down the dusty vista of time and yet millions of people are sitting in darkness. There are thousands of people in the great state of Texas who have never had an opportunity of hearing our plea. Let us then rally to the support of the Texas Christian Missionary Society and carry the Bread of Life to those who are hungering for it. Let us strive onward and upward, prove a blessing to humanity and an honor to God with full assurance that labor well performed in this life will receive the reward in eternity.

TEXAS CAFE

Some Convictions In 87th Dist. Court

The new 87th District Court presided over by Judge J. Ross Bell, with Major C. H. Machen as District Attorney, has been doing some good work at Groesbeck the week just closed.

Gilbert Kimbrough was tried Monday on a charge of manufacturing liquor, and after entering a plea of guilty he was given one year in the pen.

Geo. Tittle was placed on trial Friday, entered a plea of guilty to the charge of manufacturing liquor and was given one year in the pen.

These two cases grew out of a raid made by Constable Thompson some weeks ago in which a large still and considerable booze was captured.

Albert McMahan, charged with burglary and theft when Cobb-Eubanks Hardware store was entered in February, was convicted in each case and gievn two years in each, concurrent sentence erducing his term of service to two years.

Chas. Osborn was convicted on a charge of forgery in which the Mexia Battery and Tire company was the victim, and given two years.

A Prairie Hill negor was convicted of selling whisky to some boys and given a pen term.

Major Matchen deserves great credit for the manner in which he successfully prosecuted these cases.

W. A. Jackson Company's Great June Jubilee a Great Success!

Thursday, Friday and Saturday, the three first days of this great Sale proved to be all that the management could have looked for or expected, in fact, we went over the top, and still they come. The crowds have been large, jolly and buying heavy each day for the first three days as state dabove. This sale was advertised to run 9 Selling Days, closing Saturday night, June 16th, so we only have Six more selling days and the Sale will close just as advertised. We'll tsruggle on then with all former prices quoted in our big Four Page Circular all of the coming week. Saturday night, June 16th—the last day—our last stand, our final farewell; we positively bring to a close Mexia's Greatest Money saving event. There is an overpowering impulse upon us to thank everybody over again for their whole hearted co-operation. We've attained our object at an enormous sacrifice of profits to us but at same time we've built a reputation for honesty in our advertising that we shall pride and jealously maintain—we want no crepe or flowers—just figure this out for yourself—let your only consideration be of your own interests. Make the most of these last days of greatest bargains. Remember Sale continues all of the coming week, closing Saturday night, June 16th, just as advertised.

W. A. Jackson Company, Mexia, Texas

"THE STORE AHEAD"

Pershing Highway Is Nearly Completed

New Rock Road To Reunion Grounds One Of The Finest In The State And Is Used By Thousands Every Day

The wonderful rock road that Colonel Humphreys is building from Belnap street to his Playgrounds on the Navasota, will soon be finished. Two of the last gaps are now being closed with the heavy rock,and after a coat of the binder and the screenings the roller will finish this part and Colonel states, that with good weather he expects the road to be finished and ready for traffic in at least three weeks. This will be a most delightful drive and already many people are coming from the near-by towns to enjoy the long smooth ride and also take a dip in the natural lake of water at the playgrounds. Colonel has arranged for a refreshment parlor adjoining the bathing pavillion. This is in the hands of a most competent manager and cold drinks with sandwiches are served at a nominal cost so that picnic patries can avail themselves of the pleasures there at a small cost. Colonel states, that nothing at the playgrounds was, or will ever be, placed there for money-making. A small fee is charged for bathing suits and towels merely to keep the place in a wholesome and sanitary condition and make it self sustaining as it takes quite a lot of paid assistants to look after details and keep the surroundings in an inviting condition.

A rustic stone Way is being laid out from the main entrance to the pavillion and after entering under the arched way, which will soon be covered in Virginia Creeper, one has the vision before him of a natural park site, planned and maintained for the joy and recreation of all man kind. Colonel is being commended every day on his efforts and the pride he takes in this great breathing space that he has created for his many friends and the friends of Mexia and adjoining territory.

Two Men Held For Moore Killing

KANSAS CITY, Mo., June 8.—Two men were held by police today in connection with the mysterious death of Guy Moore, former President of the Board of Trade here.

David Dewerdt, 20 Belgian farmer youth, who lives near the Milwaukee railroad tracks where the grain broker's severed body was found Sunday, was taken into custody last night and held for questioning. Police at Liberty, Mo., at the same time arrested a man who was said to answer the description of a tramp sought by local authorities in connection with the mysterious murder.

The man when brought here said his name was Ralph Gillespie, 37, of Marion, Ohio. He denied any knowledge of the crime.

Miss Virginia Wood, who has for the past year been Supervisor of English in the Grammar school, has returned to her home in Granger, Texas. It is not known whether she will return next year.

FIRST CHRISTIAN CHURCH SERVICES

Bible school at 9:45. Carl Davis Superintendent.

Worship and preaching at 11:00. "Throwing Stones" will be the subject for the morning message. Every member of the church is expected at this service. Visitors will receive a hearty welcome, so come and be with us.

Christian Endeavor at 7:00 p. m. C. O. Sergeant, leader. The leader has promised us a surprise at this service so let us all be there and see what it is.

The subject for the sermon at 8:00 p. m. will be: "The Three Worlds." Come and hear about them.

FIRST PRESBYTERIAN CHURCH

The members of this church are earnestly requested to be present at a congregational meeting next Sunday, June 10, at 11:00 a. m.

Matters of vital importance to our church to come up. "B" there on time. Sunday, at 9:45 a. m. Come and bring someone with you.

G. A. Lyell, clerk of Session.

CHRISTIAN SCIENCE

Christian Science services are held every Sunday morning at 11:00 o'clock in the K. of P. hall. Opposite Post Office.

Subject: "God the only Cause and Creator."

Golden Text: Revelation 4:11. Thou Art Worthy, O Lord, to receive Glory and honor and power, for thou hast cerated all things, and for thy pleasure they are and were created.

Testimonial meeting is on Wednesday evenings at 8:00 o'clock.

The public is cordially invited to attend these services.

Sunday school is at 10 o'colck.

There will be services at the Central Porsbyterian church Sunday, June 10th., at 11:00 a. m. peraching by the Rev. Dr. David C. Bayless. Also preaching at night at 8:15, at which time Rev. Dr. Joiner will preach. Cordial invitation extended to all.

—D. H. Gibson, Clerk of Session.

FIRST METHODIST CHURCH

The pastor, W. B. Andrews, will preach at 11:00 a. m., and 8:15 p. m.

Sunday school and Epworth League at the usual hours.

The electric fans will keep you cool and the preacher will keep you awake. Come.

Mr. and Mrs. J. B .Mathis had for their guests today W. A. Flanigan and sisters, Misses Annie, Nanie and Tillie from the Rio Grande valley and Mrs. J. W. Pearson of Tehuacana.

Miss Mary Porter Travis is visiting a few days in Groesbeck with her friend Miss Frances Hazel Barron of that city.

Misses. Franchelle Jackson and Mary Louise Thompson of Corsicana, are the guests of Miss Frederika Karner.

BIG SPECIAL—SATURDAY—High grade blue and white enamelware, at 75 cents each. See it in our window. Peoples Variety Store. 7d2

A Humphreys of this city is to have charge of the Hitt and Ellisor Barber Shop that is being opened up in Corsicana.

Startling New Facts About High Blood Pressure

The most frequent causes of high blood pressure is chronic toxemia, which is a general poisoning of the body by the absorption of poisons from the intestines. Poor digestion and constipation create toxic poisons that are absorbed into the blood causing the muscles controlling the arteries to contract, which in turn forces the heart to pump more vigorously to overcome the obstruction.

The pressure within the arteries rises and high blood pressure is present. It should be accepted as a warning which unless heeded, will eventually result in turning a curable condition into an incurable disease.

Nature, as in most ills, gives us ample warning. Dizziness, palpitation of the heart, nervousness, shortness of breath, ringing in the ears, feeling of fullness in the chest, are all symptoms of high blood pressure and should never be neglected.

A well known physician has devoted much of his time to discovering a means of reaching the cause of high blood pressure and only recently, after many thousands of successful clinical tests, his preparation has been put up in convenient tablet form and is dispensed by druggists under the name of Bi-a-lin. Bi-a-lin has the same medical properties as the human bile which is Nature's great antiseptic. Just a few day's treatment with Bi-a-lin so regulates the bile that it resumes its work of overcoming and elminating the poisonous wastes that accumulate in the intestines. With these poisons gone, your blood pressure returns to normal.

Bi-a-lin is a mild, pleasant, harmless preparation that has been so remarkable in its results that the American distributors have authorized local druggists to dispense it with a guarantee to return the full purchase price if in any rare case the very first bottle does not give wonderful relief.

For sale in Mexia by Mexia Drug Company and Anderson & Gilliland. (Adv.)

Mr. and Mrs. R. J. Jackson, Miss Franchelle Jackson, Miss Mary Louis Thompson and Sam Jackson of Corsicana drove through from Corsicana Thursday to attend the Rotary luncheon given by Colonel Humphreys as his special guests.

Why do Oakland Engines keep running so smoothly?

LISTEN to an Oakland 6-44 engine that has delivered twenty thousand miles of service? Its smooth and silent flow of power amazes you! What is the reason? Sturdy crankshaft and connecting rods of the finest metals! Costly patented bronze-backed bearings! Lightest of moving parts reducing vibration to the minimum! A pressure feed lubrication system constantly bathing moving parts in oil! Cylinders honed to the smoothness of glass! And above all—accuracy and precision in manufacture. Drive a year-old Oakland—and you'll understand why Oakland's "Mileage Basis" gauge is such a true representation of real quality.

Canadian Border Bootlegger Oasis

By William J. Losh.
United Press Staff Correspondent.

WASHINGTON, June 8—With bootleggers operating boldly on the Canadian border of New York, bringing in thousands of gallons of liquor, federal prohibition officials here show indifference, declaring that the gravity of the border situation had been "gorsaly exaggerated."

If the Federal Government has any plans for meeting the situation—and Prohibition Commissioner Haynes, says he has not—officials are guarding them in strictest secrecy. Secretary of the Treasury Mellon, the nominal chief of enforcement as Haynes' superior, declaring he knows of no plan of Federal action asserted today that there is apparently no need to stiffen the Federal lines in New York or Haynes would have reported it to him. Mellon, however, considers the unguarded border as the most threatening feature of the New York situation.

SHERIFF'S SALE
STATE OF TEXAS,
County of Limestone.

Notice is hereby given that by virtue of a certain Order of Sale issued out of the Honorable District Court of Bexar County, of the 2nd day of June, 1923, by the District Clerk of said Bexar County, for the sum of $2,010.17 and costs of suit, under an Order of Sale and Foreclosure Lien, in favor of H. P. Draught & Company in a certain cause in said Court, No. 32703B and styled H. P. Draught & Company vs. J. H. Gibson et al, placed in my hands for service, I, Whit Popejoy as Sheriff of Limestone ounty, Texas, did, on the 5th day of June 1923, levy on certain Real Estate, situated in Limestone county, Texas, described as follows to-wit: All that certain tract of land, being eighty seven and one fourth (87¼) acres out of the N. C. Nojon Eleven Leagues in Limestone County, Texas, described as follows: Beginning at the Southwest corner of the 89 acre tract of land, conveyed by A. A. Jayne to N. S. Archer by deed recorded in book 55 page 485 Deed Records of Limestone county, Texas; thence North 35 West 540 varas to the Northwest corner of said tract, a stake on the South line of a 269 acre tract sold by Holiday to McKenzie; Thence South 55 West 104 varas; thence North 35 West 63 varas; thence South 55 west 321 varas to the upper Southwest corner of said 269 acre tract, this point being the northwest corner of a 65 acre tract heretofore conveyed to R. E. Wills by I. Shields; thence North 35 West 167 varas, more or less, to the Northeast corner of a 21¾ acre tract conveyed to R. S. Wills by P. K. McKenzie, this point being the Southeast corner of Sam Cox's home tract; thence South 55 West 294 varas to stake in branch; thence in a southeasterly direction with the meanders of said branch to the Southeast corner of said 21¾ acre tract, and the Southwest corner of the 65 acre tract hereinabove mentioned, a stake in said branch; thence North 55 East 425 varas to the place of beginning, and levied upon as the property of J. H. Gibson and wife, Laura Gibson, and I. E. Sadler and that on the first Tuesday in July 1923, the same being the 3rd day of said month, at the Court House door of Limestone County in the town of Groesbeck, Texas, between the hours of 10 A. M. and 4 P. M., by virtue of said levy and said Order of Sale, I will sell above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said J. H. Gibson and wife, Laura Gibson, and I. E. Sadler.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in The Mexia Daily News, a newspaper published in Limestone County.

Witness my hand, this 5th day of June, 1923.

Whit Popejoy,
Sheriff Limestone County, Texas.
By N. P. Harris, Deputy. (7-11-21)

SHERIFF'S SALE
THE STATE OF TEXAS,
County of Limestone.

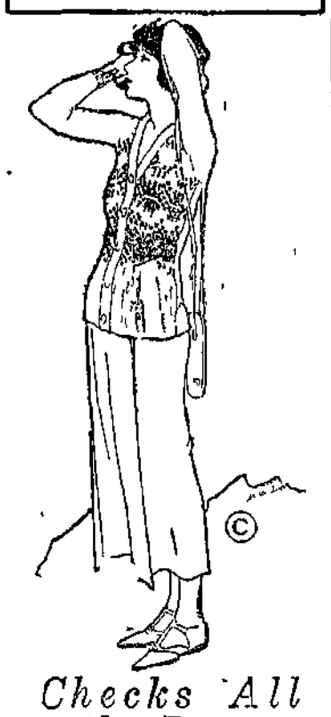
FASHION'S LATEST



Checks All the Rage

The old expression that there is nothing now under the sun hardly applies to knitted outerwear. Take, for instance, the sweater illustrated above. While one may truthfully declare that checks are not new, one has but to consider the arrangement of the checks and their effective color contrast to be convinced that there is something really new in checks. This particular sweater, with its immediate suggestion of summer is fashioned of white worsted and fibre silk, interknitted. Black is employed to suggest the checks and at the waistline forms an effective wide band A sweater of this sort—distinctive, smart—would be welcomed in any wardrobe, and is ideally suited for golf or any one of the numberless outdoor sports that summer claims as its own

This is only one of innumerable sweaters featuring checked handlings In some instances the checks appear both at the back and front, and again merely on the front sections There is no more successful method of introducing color than in checks, and the sweater slogan for summer is "Be Gay, Be Colorful!" The term "check" is an elastic one, for checks are not necessarily square, in fact very often they are oblong in shape or affect diamond shape contours They do not even have to be arranged in checker-board fashion, for diversity is their keynote, and often they appear in odd shaped groups or in lines and borders. Women who are accepting the checked golf sweater with eagerness, are acting with good reason. It reflects that different something or other that is dear to every woman.

The Standard of Comparison

"Every Week-End Is a Vacation With This Buick"

Closed car comfort is combined perfectly with cross country touring convenience in this Buick six cylinder touring sedan.

In interior arrangement and appointment it is unusually attractive. Broad adjustable windows provide "open car vision" and airiness. And the smart trunk on the rear affords the luggage facilities so essential to touring.

Ask for a demonstration of this car. You will find in it many new qualities.

Prices f. o. b Buick Factories, government tax to be added Ask about the G. M. A. C Purchase Plan, which provides for Deferred Payments.

GATES OF NATION LOCKED AGAINST BOOZE

Adair Invited Texas Press To Meet In Mexia In 1925

Special to The Daily News

GALVESTON, Texas, June 9.—A move to secure for Mexia the 1925 convention of the Texas Press Association, launched at the closing of the session, was received enthusiastically by the editors. Amarillo was selected for the 1924 meet. Adair invited the Press in 1925 to see the city built by quill and drill.

WILDCATTER GETS BIG WELL IN OKLA.

BRISTOW, Okla., June 9.—Drilling to a deeper sand than surrounding wells, a wild cat promoter here this afternoon brought in the biggest oil gusher in Oklahoma history. The well was gauged and recorded a flow of 24.000 barrels per day.

BULGARIAN GOVERNMENT OVERTHROWN

LONDON, June 9.—The Bulgarian peasant government has been overthrown by a military coup and all members of the Stambouilinsky cabinet arrested, according to an Exchange telegram from Sofia. A new cabinet is being formed.

AMERICAN TENOR AND GIRL WIN LAURELS

Charles K. Hackett, the noted American tenor, scored a great triumph in the opera "Rigoletto," given in Paris. Cheers and applause greeted him, and the press was unanimous in calling him one of the foremost artists of the day. Mlle. Elvira de Hidalgo, youngest woman opera star, was accorded an ovation when she appeared with Hackett. She is but 22 and made her debut at the age of 17.

Drastic Regulations of Uncle Sam Are Now In Full Operation

WASHINGTON, June 9.—America tonight locked its gates against booze. No ship which puts to sea after midnight tonight may legally bring beverage liquor across the imaginary line which marks the three mile limit of America territorial waters. At that hour the new regulations, carrying into effect the Supreme Court's drastic interpretation of the dry law, becomes effective.

Despite protests from eight maritime nations, which see in the new rules an unheard of attempt by the United States government to apply its domestic jurisdiction, government officials predicted that the inauguration of the new policy would be attend with little difficulty.

All foreign nations have been formally notified of the regulations. Protests from eight of them have gone unheeded, and so far as State Department officials will disclose, unanswered.

The Latest Oil Field Flash

The Powell field Saturday morning shows development so far to be eighty-five locations and drilling wells. One in authority states, there will be wells going for the deep pay by middle of next week.

The Hughes McKie is holding up at about 5,000 barrels per day.

The Thompson-Springfield has a ripped pipe about 300 feet off bottom and it is there that the water is coming in from. This will be remedied at once and all expect the huge gusher to take it's place again in Texas Oil Field History.

Humphreys R I Kent number 1 set their six and five-eights on top of the sand and is now standardizing preparatory to drilling in soon as the tools are ready. The Humphreys oil have about five wells Saturday, nearing the big pay, all are around the 2,100 foot elvel and within the next two or three weeks the Humphreys Oil is due for big production in this field.

Of special interest to Mexia is the fact that the Wright well of the Texana Oil company, owned and financed by Denver capitalists after setting for several months was bailed last week and showed at last reports about 300 feet of oil in the hole. However the derrick blew down in the hard wind of the past week and as soon as it is replaced the well will be shot at 3,230 with fair indications of a producer.

House Abolishes State Mining Dept

AUSTIN, June 9.—The department appropriation bill, which occupied the House the entire day, finally passed late today after being engrossed. The only cuts made on the floor of the House totalled $6,350. The bill as passed is some $600,000 less than the same bill as passed by the Senate. The big reduction was the abolishment of the State Mining Board. The duties of this office are to be conducted by the Labor Department.

Mexia Shriners Launch New Idea Will Banquet Twice Every Month

The Mexia Shrine club held its first banquet meeting of the season Friday night in the banquet room of the Hurdleston hotel, with a real live and wide awake crowd of local Shriners and visitors. The program committee broke the ice with a class of entertainment that surpassed anything the writer has witnessed at a luncheon club in many a month. Frank Bolton, president of the club truthfully said, that if the ladies and Blake Smith Jr., had stayed at home, we would have adjourned one hour and fifteen minutes earlier.

After the meeting was called to order and prayer offered by Noble Killough, a real banquet was served consisting of fresh shrimp and everything that goes with it, leaving a strawberry whipped cream taste in the mouths of the fortunate ones present. During the first part of the banquet, Charles Clover's orchestra rendered some real classy, snappy, jazzy, dreamy music that brought in the bacon as usual. The only person that failed to applaud after every number was, President Frank Bolton, who was always busy trying to wrap a piece of celery around a young shrimp, but Frank enjoyed it all.

The program of the evening follows:

Piano Duet; Mesdames Hayter and Denning.

Reading: Helen Clyde McElroy.

Vocal Duet: Miss Priddy and Mrs. Denning.

Drum Solo: Blake Smith Jr,. accompanied by Mrs. Blake Smith.

Violin Solo: Miss Simmons, accompanied by Mrs. Hayter.

Blake Smith Jr., captured the audience with his drum solo and was also irght there with a song that caused him to be styled a coming novice and the boys hope some day to see him step out in front with his red fez and lead the gang.

Little Miss McElroy gave a little bed time reading that hit the spot and received much applause.

(Continued on Page Four)

Pure Ice Is A Boon To Mexia

THE MEXIA DAILY NEWS wants to compliment the Central Texas Ice company for making the quality of ice that they are now serving the public. The ice is of such superior quality that we took ocassion to ask Mr. W. W. Roland who has charge of this department, and also chief engineer of the Light plant, and he said that it was treating the water properly and that he would be able to give us the very best grade of ice at all times. Mr. Roland has moved his family to our city and lives at 521 E. Grayson street. He came here from Dallas highly recommended as a gentleman of sterling character and ability in his line. Mexia welcomes him.

France Will Sign Comman Answer

PARIS, June 9.—Poincare notified Britain, Italy and Belgium that he is willing to sign a common answer to the German reparations proposal, provided it simply demands that Berlin abandon her policy of passive resistance. Poincare pointed out that this constitutes the first step, which he considers absolutely necessary before discusing an anwer to the latest note.

WANT RECEIVER FOR KLAN

ATLANTA, Ga., June 9.Hearing on a petition to place the Knights of the Ku KlKux Klan in the hands of a receiver was scheduled to be held today in Fulton county Superior Court.

The petition, which was filed by David M. Rittenhouse of Philadelphia, claiming to represent the rank and file of the Klan, alleges gross mismanagement of the affairs of the order.

Thinks Texan May Know Who Killed William D. Taylor

SEATTLE, WASH., June 9.—One more effort is in progress tonight to answer the riddle of the murder of William Desmond Taylor, movie director, which took place two years ago in Los Angeles.

Police of half a dozen towns and cities are searching for a "six foot Texas cow boy," named Otis Hefner, in the belief that he may be the man who holds the answer to the mystery which has gone down as one of the most sinisterin of crimes.

Hefner is at liberty from the Washington penitentiary under a suspended sentence for an alleged felony. Since he dropped from sight weeks ago authorities here said they had come into reliable information that the bond and diamond which he is said to have offered Crawford E. White, attorney, as a retainer, once was the property of Taylor. As for Hefner, he is not himself suspected of the murder, but, according to authorities, he may be able to tell who it was that shot Taylor to death.

F. W. Welch is confined at the Brown hospital recovering from a minor operation.

I. B. Humphreys and wife left on the afternoon train for Dallas for a week visit.

Important Open Meeting C. of C.

Mexic'n Bandits Wreck Fast Passenger Train

MEXICO, CITY, June 9.—Mexican bandits wrecked a passenger train near Pueblo, causing the deaths of a number of passengers, according to a dispatch received here. Rocks placed on the tracks caused the engine to jump the track. Members of the crew are reported shot. Troops are pursuing the bandits. It is not known whether any foreigners were aboard the train.

J. K. HUGHES TO BE DINED BY DIFFERENT CLUBS

The news has leaked out that friends of J. K. Hughes in the Salesmanship, Rotary and Lions clubs and the Chamber of Commerce will honor him on Tuesday night, June 12th, by giving him an entertainment in the Cafeteria room of the New High School building.

On being asked concerning the affair a member of the committee was rather reticent; but acknowledged the affair was to be held and said that they would guarantee good eats a fine time and a short program.

Mr. and Mrs. Ozie Lewis have returned from a visit in Okla City and Chickasha, Okla.

Next Friday Nite June 15th Is Date For Meet

One of the most important meetings ever held in Mexia will be the Open Meeting of the membership and prospective membership of the Chamber of Commerce which will be held Friday night, June 15 in the dining room of the Hurdleston Hotel.

There is some very important business to be considered a tthis meeting among which is the selection of a President, Vice-president and Board of Directors for the coming year, who will in turn take charge of the business of the organization. It is an acknowledged fact that there are influential business men in Mexia who are solidly behind the Chamber of Commerce as never before, and those who have given the matter consideration are convinced that Mexia is in need of a powerful business organization today as never before in her history. Recently unqualified endorsement of the organization has been given by the Salesmanship Club and other organizations of Mexia, and every man interested in the welfare of Mexia is urged to attend this meeting. While it is a meeting that is entirely business in its character, nobody will be embarrassed by being pressed for contributions, but it is simply a business proposition that the organization be properly financed and provided for, and every public spirited citizen should look ahead for the entire week and arrange to be present at this meeting.

As has been previously stated,

(Continued on Page 4)

Shriners Gather For Annual Session

Shriners from all parts of the United States gathered at Washington for their annual convention. James S. McCandless, Imperial Potentate, was warmly greeted on his arrival in the capital. An ovation also was accorded Conrad Dyckeman of New York, who is expected to become the next Imperial Potentate.

Houston Woman Arrested On a Charge Of Forgery

Houston, June 9.—Mrs. Peggy Jordan Griffith, daughter of a former humane officer, was arrested on an indictment returned by the Harris county grand jury. The indictment charges forgery on eight counts and alleges that Mrs. Griffith signed the name of Presley K. Ewing, a prominent attorney, to notes totalling $13,050. She made $300 bond on each count.

Sam Braswell Elected Pres. Tex. Pres. Ass'n.

GALVESTON, June 9.—Sam Braswell of Clarendon was elected president of the Texas Press association for the coming year at the final session of the 44th annual meeting of that body here this afternoon. Amarillo was selected as the next convention city. Immdiately following the election of officers and selection of the convention city, delegates left for a boat trip through the channel. The morning session of the conclave was taken up with a discussion of the libel laws.

NOT MUCH DOING AT AUSTIN

AUSTIN, June 9.—Two House bills by Downs, erquiring affidavit to personal property renditions, and prescribing fees for reporting unpaid delinquent taxes, were engrossed in the Senate.

4 Hundred Are Drowned In Floods In Russia

STOCKHOLM, June 9.—Four hundred persons reported drowned in recent Russian floods which swept the lower Volga valley. Seventy thousand were made homeless. News of the disaster contained in dispatches from Moscow.

Allday Co. Gets A 2,000-Barrel Well In Arkan.

The Allday Oil Corporation have just completed a 2000 barrel well in Section 15-16-15 Union County, Arkansas, in the El Dorado field. This well is expected to materially increase its flow as it is the history of this field that wells increase considerably from the initial flow. The well has an enormous amount of gas.

The company was organized by T. E. Allday, Martin Allday, D. H. Allday and Robert Allday. Martin Allday is a resident of Mexia and his many friends rejoice with him in his good fortune. There are a number of Mexia people who are stockholders in the company.

The company is planning to drill more wells in the near future.

CONDITION OF W. G. ROSS REPORTED WORSE

The many friends of W. G. Ross will regret to learn that his condition is growing worse, and that last night he was considered to be in a dangerous condition.

Miss Alyse Mims of Houston returned to her home Saturday after a few days visit with her friend Miss Cecile Keith of this city.

THE NEWS PUBLISHING COMPANY
TELEPHONE 146

We want the news, all the news of all the people, while it is news, in or telephone 146 or 361 news items and requests the readers to send and personals of their friends and acquaintances.

Entered as second-class matter, February 26, 1919, at the Postoffice at Mexia, Texas, under the act of March 3, 1879.

MRS. LIZA GAMBLE—A BUILDER

Much has been said in private conversation and in the papers about those citizens who are taking an active part in the building of Mexia. There are many who deserve and who are receiving mention along this line, but thus far all of the boquets have been handed to liberal-hearted men. It is now opportune that a woman should receive a big bunch of flowers for the faith she has shown in Mexia's future and in the things that make a better city in which to live.

Mrs. Liza Gamble, who for many years lived on her little farm out near the Reunion Grounds which only yielded a bare living when faithfully worked by its owner, has lately come into public notice by her liberal gifts to the YMCA and the First Christian Church.

When the good Lord poured riches into her lap as a result of oil wells on her little sandy land farm, she seemed inspired at once with a desire to use some of her money for the uplift of mankind and the upbuilding of her home city and was the real starter of the movement to build a church for the small congregation that had never had a church home in Mexia. She donated the lot and contributed liberally in cash and personal service to the cause, and today the First Christian church building, which would be a credit to any city, stands as a lasting monument to the christian fealty of this good old woman, backed up liberally by her suddenly acquired wealth.

And her love is not alone for her church for she subscribed $1,000 to the YMCA fund also.

Mexia should and does feel proud of such public spirited citizens.

THE FIRE MURDER

A request at the National Board of Fire Underwriters headquarters in New York City to be shown the records in the Incendiarism and Arson department, would open ones eyes to dangers never before dreamed of.

If you saw a man arranging a bomb or a rifle so it would kill unsuspecting persons you would not be satisfied until that man was put in a place of safekeeping where he could not further endanger the lives of the public.

And yet day after day the National Board officials find arson "plants" arranged for starting a quick fire in factory buildings, work shops, store rooms, etc., in the most conjested districts in cities. The fact that the "plant" was discovered before the fire started or that the fire was put out without causing death, or destruction of property does not lessen the criminal intent or responsibility that attaches to the person who sets such a death trap. Yet the public pays scant attention to this class of criminals and conviction for arson is most difficult to secure.

If a man carelessly or wilfully runs over you with his automobile, you immediately demand damage. Yet if he carelessly or wilfully burns up your property or causes the death of your family from fire, you never think of attaching responsibility to him. It is this lack of public interest that causes American fire losses to mount to $500,000,000 a year with an annual death total of 15,000 persons.

BELIEF IN PRAYER

The marvelous Sermon on the Mount has been proclaimed by many lovers of His Holy Word and by critics as the greatest piece of literature ever written. In that gospel message, Jesus was not reciting beautiful figures of speech; he was proclaiming immutable law.

Just as immutable also is the declaration "All things whatsoever ye pray and ask for, believe that ye receive them, and ye shall receive them."

Business men, laborers, citizens engaged in all walks of life are tunring to prayer to bring them comfort, happiness, health and prosperity. The following is an article taken from the Portland, (Ore.,) Journal, which reveals that this is true and that men are recognizing that belief is a vital element in prayer:

A demonstration of 200 business men's faith in healing by prayer was offered Tuesday when the Rotary club at its meeting united in prayer for the recovery of William A. Montgomery, v president of the club, who was stricken witl apoplexy.

"I am a praying man and I believe in the efficacy of prayer," announced J. Roy Ellison, president of the club. "I want to ask you to join in prayer for the recovery of a beloved fellow member."

Dr. William Wallace Youngson, a Rotarian, led the prayer, while Rotarians, regardless of creed, joined by standing.

(Rotary clubs are composed of one representative from all lines of endeavor and classifications).

CIVIC PRIDE

Mexia is duly proud of her paving. Yet in a way it will be in vain IF we do not carry on. Paving is fine and well and every well ordained city must be paved—BUT that is merely part of the job. Hot summer is now upon us and many premises about our city need cleaning. Keep the man with the hoe on the job. Weeds are not only unsightly, but they are the breeding places of mosquitoes—one of the greatest enemies of mankind. You may think your lot small, your weed-patch unnoticed, but did you ever realize that we Americans like to be led—we like to follow. Hence we need a leader—so you try being a leader in your neighborhood and see how soon the other fellow across the street decides that his place needs cleaning and will follow suit.

Weeds are not the only unsightly evidences of neglect around your premises—unkept grounds where trash and rubbish abound speak louder than words of some one that don't care. These are the objectionable features and after eliminating them turn your thought to beautifying. A few flowers and shrubs will make your home look like a garden. The stranger in our gates will want to stop and stay a while and will add greatly to your own pleasure and good.

CENTRAL TEXAS PRESS
By N. P. Houx.

Bootleggers are said to be rushing booze from Canada into New York before the federal authorities "dig in" and thus establish dead line for rum runners. Wonder if Al-cohol Smith will give the wets any more assistance.

Wonder what ails the Mexia News? It has about quit visiting this office. The News is too good a paper to miss and we want it. We want it regularly, and if the managers of that excellent paper do not place the Hustler back on their X list we are going to say something about it.—Thornton Hustler.

Why, Joe, bless your old heart, the News starts to you every day, and if Uncle Sam does not see that it gets to the other end of the journey we are going to say something to him about it.

We study the movement of people on the streets with some curiosity. When mother appears on Texas avenue we guess she is going to the railway ticket offices, and when father appears on Travis, he seems to be headed for the market.—Geo. Bailey, in Houston Post.

Just as it used to be in Kansas City. When a fellow got off the elevated car at State Line and wended his way down the steps to the street you could tell whether he was after a drink or seeking a little game of draw. If he turned into the Missouri side it was a drink, while if he went Kansasward it was to take a hand in a game.

If it be the intention of a large number of the members of the persent Legislature to put a crimp in the political aspirations of Governor Neff by opposing his recommendations and withholding co-operation when it is for the best interests of the state, the chances are two to one the effort will fail. Neff has not tried to intimidate or dominate the Legislature. He simply had plead with it to act in a business way. On the record he has made, contrasted with that of both legislatures, he can go before the people for a third term and win out.—Denison Herald.

And when the question comes before the people as between the governor and the legislature it will be an easy thing to tell which way the cat is going to jump. The people as a rule are not going to stand for the tomfoolery of the law makers as practiced the past few weeks.

That supposed "plot" to restore this country to England will cause a merry ha-ha to go up all over the land. Old Shakes. was certainly thinking of his own countrymen when he said, "what fools these mortals be."

Representative Carpenter, of Dallas has before the legislature a bill proposing that the constitution of the United States shall be read and studied in the schools and colleges of Texas. We had never seriously thought of the need of a public school course in the organic law; but that greater respect for that great creation of the fathers of this depublic is sometimes needed is shown by the refusal of the New York legislature to further co-operate with the federal authorities in the enforcement of the national prohibition law based on the federal constitution.—Terrell Transcript.

Would it not be a good idea to open a night school for members of the New York legislature in order that they might study the federal constitution.

The string used yearly by the postal service of the U. S., if tied together would reach from New York to London, back to New York, and then there would be enough left over to cross the continent to San Francisco.—Thornton Hustler.

How about the red tape? How far would it reach?

Miss Margie Neal, newspaper woman of worth and a lady of wonderful attainment, whose home is Carthage, Texas, is spoken of as a possible candidate for Congress in her district. If she decides to make the race we predict she will win, and among the many honors already accorded her, she will hold that of being the first woman in Congress from the Lone Star State. No better material could be found in her district or in any other district of the State to send to Washington. She has made a close study of politics and her views are sane and wholsome and she represents the true type of Southern womanhood. Wish we were back in our old home at voting time so that we could vote for Miss Margie.—Mineral Wells Index.

Why not run Miss Margie for congressman at large, and then we can all vote for her. She would add dignity to the national congress, or any other body of intelligent people.

TO THE STOCKHOLDERS OF THE J. K. HUGHES DEVELOPING COMPANY

We give herewith a brief statement of what we are doing and what we are trying to do—

21 Producing Oil Wells
7 Wells Drilling in the Powell Field.
3 Wells Drilling in the Currie Field.
1 Well Drilling in the Laredo Field.
1 Well Drilling in the Gonzales Field.
1 Well Drilling Near Kerns (east of Powell field).

I think everything looks very bright for the Developing Company at the present time. It is my opinion that within a very short time the J. K. Hughes Developing Company will have a BIG MELON CUTTING. I advise all stockholders who own stock and haven't it in their possession at the present time to make immediate arrangements to have it in their possession and recorded in our office in order to be in on the melon cutting.

We have no guarantee to our stockholders other than an honest run for their money.

J. K. HUGHES DEVELOPING COMPANY
J. K. Hughes, President.

COWBOY LIFE AND PLEASURES PLUS MODERN COMFORTS ARE OFFERED TO VACATIONISTS BY ALBERTA RANCH

Are you one of the many who have wished to enjoy a taste of "ranch life," a taste of the fun and freedom of that sort of life without any of the drudgery that accompanies it when ranching makes up one's whole life?

Out in Alberta, just where the foothills begin to merge into the Canadian Rockies, lies the "Kananaskis Dude Ranch" where you may enjoy all the delights incident to ranch life and some others besides. The buildings consist of a large ranch house for dining and social purposes, it contains also bathroom and seven large bedrooms. Cabins are also used for sleeping quarters, thus insuring a certain degree of privacy. Those who desire, may sleep in Indian tepees. Meals are served in true ranch style on a long table.

Riding is, of course, the main diversion and each guest has his own cayuse. These cayuses are all well broken and visitors may learn to ride, rope, brand, pack and camp. You may think you know all about riding from your canters through city parks, but one gallop over the bunch grass on your Indian pony will accord you a new sensation. These ponies combine in one the mountain goat's sure-footedness and the antelope's fleetness.

The Morley Indian Reservation, the home of the Stoney Tribe, adjoins the ranch on the east. The whole tribe, clad in their gayest attire, go into encampment once a year at Banff, there they participate in all sorts of races, archery contests and other events. They also stimulate a great business in ice cream cones, for young and old, male and female, they have developed an abnormal fondness for this delicacy.

A five day trip from the ranch will be made to Banff for Indian Day, which occurs July 16 and 17, visiting Kananaskis and Spray Lakes enroute. Other five day trips include Mt. Assiniboine and to Devil's Head, the latter mountain has never been climbed. A ten day trip can be made into the Rocky Mountains and Yoho Park. Visitors should bring riding clothes with them, also bathing suits for bathing in Stoney Lake. The fisherman will do well to fetch along his own tackle for the best fishing in the Rockies is found in Kananaskis Lakes.

A fortnight or longer of this open-air ranch life is bound to result in better health, although the Ranch is in no sense a sanatorium.

THE GAME BY INNINGS

First Inning.

Corsicana.—Clasp grounded out Leedy to Roysters. Molmquist walked. Sengotta got a double down third base line, Molmquist going to third. Lacy out Gepput to Royster, Molmquist scoring. Sengotta going to third. Speegle out, Whitney to Royster.

Mexia.—Gepput to second, Scruggs to Speigle. Gepput stole third. Leedy hit one for a round trip over right field fence, scoring Geppert ahead of him. Butler out, Molmquist to Spugle Johnson walked and then stole second, Bryan hit one against right field fence for two bases, scoring Johnson. Powell walked: Boone now pitching for Corsicana. Whitney forced Powell at second. Molmquest to Sain.

Second Inning.

Mexia.—McCarthy fanned. Gippent wolked and went out. Lacy to Molmquist. Royster flew out to Sain.

Third Inning.

Corsicana.—Boone got a single to center. Cloop sacrificed Boone to second. Geppert to Royster. Malmquest sacrificed Boone to third, Leedy to Royster; Sengotta walked. Lacy flew out to Bryon.

Mexia.—Leedy out Sain to Speegles Butler safe on Grubb, slow throw of his easy grounder. Johnson flew out to Grigg. Bryan batting. Butler stole second, Bryan safe when Speegle failed to touch the bag, after Malmquest's throw. Butler to third. Howell grownded out Malmquist to Spegle.

Fourth Inning.

Corsicana.—Speegle walked. Grubb batting; Speegle caught out on first, Whitney to Royster. Grubb had throw called on him. Sain out Butler to Royster.

Mexia.—Whitney out, Malmquist to Speegle, McCartley fanned. Geppert flew out to Cloop.

Fifth Inning.

Corsicana.—Grigg out, Butler to Royster. Boone walked, Cloop safe, when Royster dropped McCartley throw of his bunt. Boone going to second. Malmquis popped to Whitney. Sengotta forced Cloop at second, Geppert unassisted.

Mexia.—Royster walked, Leedy sacrificed Royster to second, Lacy to Speegle. Butler safe on Sain error, Royster going to third. Johnson sacrificed Butler to second, Sain to Speegle. Bryan popped out to Sain.

Sixth Inning.

Lacy safe on Butler's wild throw to Royster. Spegle sacrificed Lacy to second. Whitney to Royster, Howell backed up against the boards to get Grubbs' long fly. Lacy going to third, Sain flew out to Bryon.

Mexia.—Howel out, Malmquest to Speegle, Whitney fanned, McCartley got a Texas Leaguer over short. Geppert out, Malmquest to Speegle.

Seventh Inning.

Corsicana.—Griggs whipped at three. Boone out, Geppert to Royster, Cloop walked, Malmquest got on when Geppert fumbled his hot skinner, Cloop going to second, Sengotta walked feeling the bases, Lacy lined out to Geppert.

Mexia.—Royster popped up to Malmquest Leedy hit out through third for one base. Butler batting, Leedy stole second, Butler out Malmquest to Speegle, Leedy going to third. Johnson flew out to Grigg.

Eighth Inning.

Corsicana.—Speegle out, Leedy to Royster, Grubb walked, Sain batting, Grubb out stealing, Whitney to Leedy, Sain popped out to Leedy.

Mexia.—Bryon made Cloop go back to get his long fly. Howell flew out to Grigg, Whitney out, Sain to Speegle.

Ninth Inning.

Corsicana.—Seemer, batting for Griggs flew out to Leedy, Boone out Geppert to Royster, Cloop flew out to Howell.

MEXIA 3, CORSICANA 1

By HECK

After spotting the Gumbo Busters to a one run lead in the first frame the Gushers came back and tallied in the same round and chased Scruggs to the dugout. The Busters opened with Leedy throwing out Clopp on a nifty play. Malmquist walked, Sengotta socked a double to left. Malmquist scored while Geppert was making a fast play on Lacy's grounder over second getting his man by a step. Geppert opened the Gusher half with a walk, Royster sacrificed, Leedy drove one a mile over the right field wall. Malmquist made a fine play getting Butler at first. Johnson walked and swiped second and scored on Bryan's two base drive against the right field fence. Howell walked and Grubb yanged Scruggs in favor of Daniel Boone who stopped the picnic right pronto and kept it stopped for the balance of the game. From there on the game was a fine pitching duel between Boone and McCarthy. The Gushers getting but three hits off Boone and the Gumbos collected the same number from McCarthy's slants. Marlin opens a three game tilt this afternoon at 3:30 and it loks like Carl Hill will tie up with Andy Andrews and that means it will be a battle from start to finish.

this meeting will be no speaking contest, and long winded oratory will not be permitted, the duration of the longest speach will be 10 minutes.

Those interested in the welfare of the town, who really have the progress and well being of Mexia next to their hearts, are urged to watch the papers for further mention of this meeting and to make their arrangements to be present.

In speaking of the meeting the secretary of the Chamber of Commerce said, "There are times when no one else can take your place as a citizen, and I believe that this is one of the times. It is my opinion that a public spirited citizen would claim attendance on this meeting as a right and a privilege and I believe that Mexia will respond as she has always done."

A post card from Garland Adair states that he is having a good time in Galveston attending the Press Association an dwatching the mermaids cavort around in the surf

Lions Have Farmer Friends As Guests At Meeting Last Friday

A very interesting meeting of the Lions club was held Friday at their regular weekly luncheon at the Lions Den at the Hurdleston Hotel.

At a previous meeting the members were requested to bring with them a farmer friend as their guest. and several availed themselves of this opportunity and the following guests were present: Joe Thornton, L. S. Suttle, Henry Unfried, J. R. Collins, A. W. Brodnax, Luther Cox, J. L. Cogdell, J. H. McReynolds, J. D. Speight, and H. W. Tolson.

It was not the purpose of the Lions to try to sell their guests any thing nor tell them how they should run their business but simply a friendly get-to-gether meeting and hoping that to know each other better would mean to love each other more. Rev. G. T. Reaves, pastor of the First Christian church, was the leader for the day, and furnished a very interesting program. The Elks band and Mrs. Oscar Denning and Mrs. Wyatt Hayter furnishing the music for the occasion. H. W. Tolson responded to an invitation and made a very interesting talk. It is the purpose of the Lions club to continue to invite their farmer friends from time to time as there is no question but that our interests are mutual and that quite a great deal of good can come from closer relations and better acquaintance.

Mexia can boast of having some of as progressive farmers as can be found anywhere in the state and we should cooperate with them in any way that we can.

It is the purpose of the Lions club to be of service to the community at any time and in any way that they can.

D. Prickett was appointed leader for next Friday and the Lions club is assured of an interesting program.

Ford Tourist Now Enjoys a Greater "At Home" Feeling

FAMILY LARGER THAN EVER AND SERVICE ALWAYS NEAR TO MAKE HIS TRIP ENJOYABLE

That satisfying "at home" feeling which the Ford tourist always has felt wherever he has gone will be stronger than ever this summer. There are now nearly 6,000,000 Ford cars in use in the United States and he will come upon more members of the great Ford family in the towns and cities and along the highways of the nation than in any year heretofore.

In the last year alone 1,500,000 new Fords have gone into use throughout the country. And the Ford owner who goes touring enjoys what no other car owner enjoys, the satisfaction of knowing he has the geratest of service facilities at his command, assuring him of a pleasant journey no matter where his travels may take him.

In addition to the Ford dealer organization of more than 9,00, there are over 14,000 authorized Ford service stations in the country, making a total of more than 23,000 points of contact with the motoring public.

Naturally the increased use of Ford cars has brought a corresponding increase in service responsibilities. Ford dealers, everywhere, acting under the definite service policy of the company, are fully prepared to meet the new responsibilities. Their mechanics, many of them graduates of the Ford service course, are expertly trained in meeting all service erquirements, and the dealers have provided themselves with special and approved equipment which enables them to meet any demand, promptly and efficiently, thus affording the Ford owner every facility which contributes toward making motoring as inexpensive and as enjoyable as possible.

The high excellence of Ford performance under all road conditions has made it the most popular of cars for general touring and also the most economical, for service is always close at hand when any minor adjustments are necessary.

Clay Freeman And Wife Permanently Located In Mexia

The return to Mexia last Thursday afternoon of Mr. H. Clay Freeman with his bride, adds another permanent family to the citizenship of Mexia.

For a number of years Clay has been a traveling salesman, making all parts of the country selling various lines, and his home was where he hung his hat—a sorry home, to be true—but several months ago, anticipating a different life, he bought the new cottage at 207 South Canton, that was built in the early part of the oil boom for Mr. Hill, the then secretary of the Humphreys Oil company, and after making some changes and imporvements, furnished it throughout with the best modern furniture to be had, and when he arrived Thursday afternoon with his bride she was at once installed as queen of the home, and now, Clay says he has just commenced to live and hopes to be a permanent citizen of Mexia, to share in her successes and to contribute his part in the building of a city.

We all congratulate Clay on the step he has taken, though a little late in life, and also the fair bride on her choice of a life partner, a man of Clay Freeman's sterling qualities.

Julius Fohs and Bob Bratsch of the Dallas office of the Humphreys Oil Company left by auto Saturday for Cury for a general survey of the field. after which they will drive to Corsicana and catch the interurban for their home in Dallas. Mr. Fohs is preparing to sail with his family on the twenty-third of this month for the Holy Land.

MACCABEES HOME WHERE PENN ONCE SMOKED PEACE PIPE WITH INDIANS

THE DAIRY HERD

WILLIAM PENN

CHICAGO — Historic mementos of William Penn on the estate owned by the Maccabees home at Chatham, Pennsylvania, will be carefully preserved for America, D. P. Markey, supreme commander of the Maccabees, assured a meeting of colonial societies here. The Maccabees property is part of the original grant to William Penn by King James II of England in 1681.

"Site of a hunting camp of the Delaware Indians is on the Maccabees home estate," said Mr. Markey. "Tradition gives this as the spot of one of William Penn's treaties with the tribes. One of the buildings that have been religiously preserved on the estate is a Colonial stone house built in 1783 under the direction of Penn's heirs near the Indian camp ground.

"It may eventually be made a museum or repository of Colonial and Revolutionary relics. Every foot of this land is sacred ground saturated with memories of the birth of America."

By a recent amalgamation the Pennsylvania state home of the Maccabees on the Penn grant at Chatham, Pa., has passed under the control of the National Maccabees Home and Relief association. The amalgamation gave the association a fund of $500,000 and enlargements and improvements are under way at the home. It will be used to care for the sick, indigent and aged of the fraternal society which recently decided to nationalize its philanthropies. A farm and dairy will be operated for the resident beneficiaries.

MEXIA SHRINERS .....

(Continued from Page 1)

The other ladies on the program need no introduction, to music lovers of Mexia and the club feels much indebted to them for the splendid program which was arranged by them on short notice, which goes to show, they need no preparation and are always willing at any time to give of their talent, and the Shriners are indeed fortunate in numbering them as their warm friends.

After the program was finished, the persident called on every one present to respond to his name and was given an opportunity to make a few remarks. Every one present was loud in their praise for the splendid program of the evening and expressed the hope of attending many more such peasant evenings with the Shrine club.

Noble Reed, Treasurer of the Humphreys Oil company and a 33 degree Mason, a member of Kismet Temple made a talk, which was highly enjoyed by every one, he spoke of some

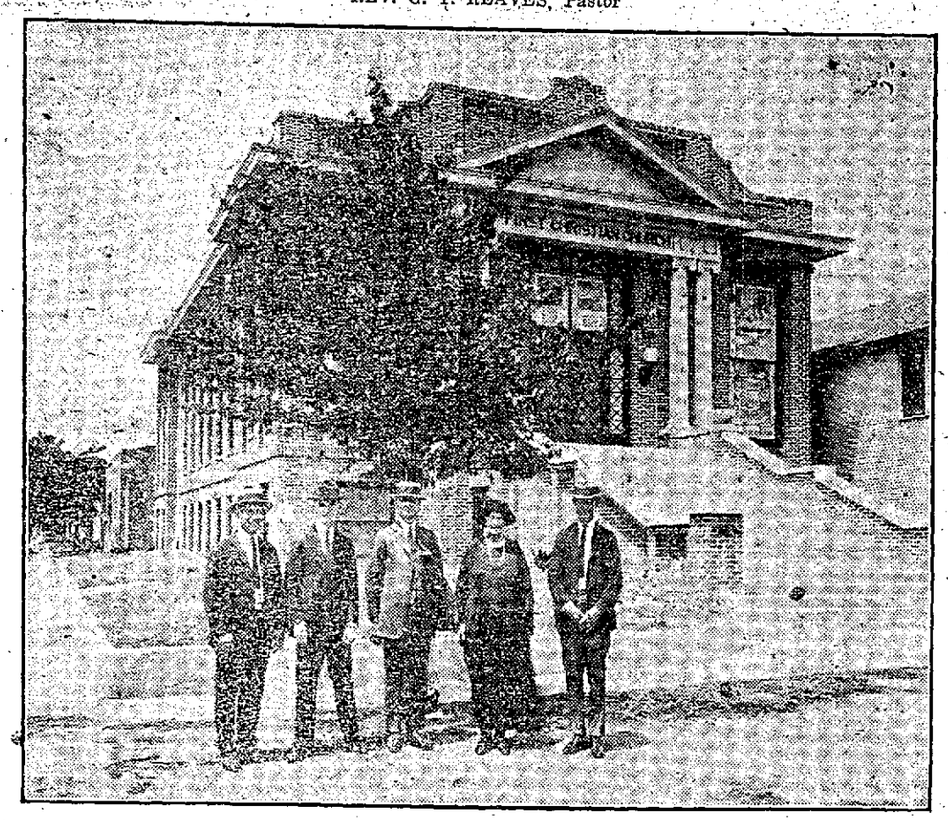
FIRST CHRISTIAN CHURCH, MEXIA, TEXAS
REV. G. T. REAVES, Pastor



Building Committee: Carl Davis, J. E. Baxter, C. O. Sergeant, Mrs. Liza Gamble and W. B. Kendrick.

An Accomplished Task In Mexia

By Rev. G. T. Reaves

The following address was delivered before the great body of Christians at Fort Worth the first of the week by Rev. G. T. Reaves, pastor of the First Christian Church of Mexia.

Mexia, has been described by many as the "Miracle City" of flowing gold. I am sure that many of you read the article in the Christian Courier under date of May 3rd. 1923 entitled, "A triumph of Texas Christian Missions, 'On The Job,' in Mexia," by Bro. J. C. Minor. Bro. Minor described the city of Mexia in the days of the 'Boom'. How that tired horses drew heavily laden drays thru its rough streets; great trucks loaded with oil-field supplies moved slowly along the crowded highway; an endless stream of Hudsons, Packards, Dodges, Fords, kept up a noisy honk! honk! causing many hearts to thump the faster; dense crowds of busy men and women surged to and fro on the narrow sidewalks, all bent on one object, to capture the elusive flowing gold, which, over night had made Mexia "The Miracle City."

Into this teeming throbbing city came the Texas Christian Missionary Society. Four times it had sought to get "On the Job," and four times no opportunity was found. Four times no way was discovered to lay upon the hearts of the people the claims of the disciples of Christ. When the oil boom was at its height the Texas Christian Missionary Society sent Pastor-Evangelist J. G. Winset to Mexia and he caught a vision of the great opportunity there and conducted a short revival and succeeded in bringing a few of the Christian people together. There was not very much accomplished at that time, due no doubt to the fact, that the mad rush for gold had overshadowed the desire for spiritual things, but seed were sown that later yielded fruit, for about three months after the meeting Bro. Carl Davis, who is now our wide awake progressive Bible School Supt. called at a number of homes and told the people that on the following Sunday they would organize the Christian Church Bible School at the Grammar School building; and on the day appointed, which was the first Sunday in January 1922 there was organized a Bible School of only seventeen members. This was indeed a small beginning, but in that number were people who had vision of a congregation of Disciples of Christ worshipping in a beautiful church building of their own in Mexia. Bro. Carl Davis was selected for Supt. of the Bible School, and he is one man in our congregation of whom it is said, that if you throw cold water on him he will boil it. Under his able leadership, with the co-operation of good teachers and workers the Bible School has made a very satisfactory growth and now we have an attendance of more than two hundred.

A few months after the organization of the Bible School the Texas Christian Missionary Society sent Pastor-Evangelist A. K. Scott to get 'On the Job' in Mexia. He was there only a short while till the Christian people of Mexia were helpig support him. Not only in helping take care of his salary and expenses but giving to him that support that would bring to pass the desire of the Missionary Society, "To see in Mexia a congregation of Disciples of Christ worshipping in their own church home." One Sunday (about one year ago now) Bro. Scott together with Bro. Davis took dinner with Mrs. L. Gamble, a widow. This good lady had known what it meant to be in need for she had felt the sting of poverty, but fortune came her way. Her little farm was situated in one of the richest parts of the oil field and there was located on it seventeen wells from which flowed the liquid gold. She told these men that she wanted to help build a Christian Church in Mexia and authorized Bro. Scott to select a lot, and Bro. Scott selected one of the most desirable sites for a church building in the city, and Mrs. Gamble wrote out a $2,000 check for the lot and then gave $3,000 more to apply on the building. With this encouragement Brother Scott busy to solicit more funds for the building. There is one man in Mexia who deserves so much credit for our building. He had longed to see a Christian Church in the city, but as he had not been a man of wealth, but one who had to work to support his family, he had not been in a position to help in a financial way the building of a church, but at last the Lord smiled upon him and made it possible for him to help in a large way and see his dream of a church in Mexia come true, for today he is the proud owner of alittle farm with twelve producing oil wells. When asked what he would give on a church building he stated that he would give $5,000. Later he doubled this amount and today is carrying every cent of the indebtedness on the building and is not worrying about it, for it is only a few thousands that can be taken care of in the near future. This man is W. B. Kendrick, now one of the elders of our congregation and chairman of the Board of Trustees. He has taken an active interest in the church from the beginning. He was on the ground when the building started and there every day until it was completed, and his heart remains in the work.

Among other large doners, who gave in the sum of a thousand dollars or more permit me to mention the name of Col. A. E. Humphreys, of whom most of you have heard I am sure, the discoverer of the Mexia oil field, and while the field has made him millions he has made it possible for others to reap millions from his work. He is a great benefactor and is helping many worthy causes but one of the best things he has done in Mexia is the help he gave in building the First Christian Church. (It might be of interest to some to know that Col. Humphreys is a member of the Christian Church.) I would also like to mention the name of W. W. Barnett, who is not only one of the leading citizens of Mexia but a man who has won his way into the hearts of the people there by helping make the city a more desirable place in which to live. One other I wish to mention in person and that is C. O. Sergeant, who was on the building committee and gave much of his time as well as money in helping make possible our beautiful house of worship. There are others who gave just as much or more in proportion to their ability as those who gave thousands and they were just as proud of the accomplished task, for there is no class of distinction in our church. We are one great family. The very poor are just as welcome as the very rich for the church belongs to all. It is said that we have more sunshine in our church to every square foot than any other place in the city and I believe that is true. Our church membership is only seventy-eight but our Bible School enrollment is more than three times that number, and I believe there is a great future for the Christian Church in Mexia. This task has been accomplished by the Texas Christian Missionary Society kindling within the hearts of the people there the desire to 'Rise up and Build.'

Bro. J. B. Holmes kept the work in Mexia constantly on his heart and rendered valuable assisstance to the people there, and spent some time with them himself, and preached some great sermons that are still remembered, and he lives in the hearts of those who had the pleasure of hearing him. When I arrived in Mexia only three months ago to take charge of the work, I found the church building just completed, a wide-awake Bible School, an active Christian Endeavor, and a large attendance at the mid-week services.

In conclusion I wish to make an appeal in behalf of the Texas Christian Society. 'The last act of our master on earth was to lay the mantle of missions on our shoulders. Mr. Edison has in his labratory a phonograph cylinder which he values very highly because it contains a message spoken to the inventor by Prince George of Greece. The message is as follows: "Hail Edison, greatest of inventors, George, Prince of Greece salutes thee." But I know another message spoken by the Bible, which is infinitely more interesting than that. It is a word of command and good cheer from him who is King of Kings and Lord of Lords: "Go ye, therefore, and teach all nations, baptizing them in the name of the Father and Son and the Holy Spirit: Teaching them to observe all things whatsoever I have commanded you: and lo, I am with you always, even unto the end of the world." More potent language was never uttered since the world began. It is from this commission that every true Christian worker derives his authority, and we should say "Go," yes, a little word but world wide in its beneficent sweep. The apostles had first come, now Jesus commands them to go. Herein lies the secret of successful Christian propagandism. Go! says the Master. Have we gone? Almost nineteen-hundred years have elapsed since the command was given and yet today one-third of the inhabitants of this old world have never so much as heard that there is a savior. Nineteen centuries have dragged their weary lengths down the dusty vists of time and yet millions of people are sitting in darkness. There are thousands of people in the great state of Texas who have never had an opportunity of hearing our plea. Let us then rally to the support of the Texas Christian Missionary Society and carry the Bread of Life to those who are hungering for it. Let us strive onward and upward, prove a blessing to humanity and an honor to God with full assurance that labor well performed in this life will receive the reward in eternity.

Some Convictions In 87th Dist. Court

The new 87th District Court presided over by Judge J. Ross Bell, with Major C. H. Machen as District Attorney, has been doing some good work at Groesbeck the week just closed.

Gilbert Kimbrough was tried Monday on a charge of manufacturing liquor, and after entering a plea of guilty he was given one year in the pen.

Geo. Tittle was placed on trial Friday,, entered a plea of guilty to the charge of manufacturing liquor and was given one year in the pen.

These two cases grew out of a raid made by Constable Thompson some weeks ago in which a large still and considerable booze was captured.

Albert McMahan, charged with burglary and theft when Cobb-Eubanks Hardware store was entered in February, was convicted in each case and gievn two years in each, concurrent sentence erducing his term of service to two years.

Chas. Osborn was convicted on a charge of forgery in which the Mexia Battery and Tire company was the victim, and given two years.

A Prairie Hill negor was convicted of selling whisky to some boys and given a pen term.

Major Matchen deserves great credit for the manner in which he successfully prosecuted these cases.

ROOMS WANTED.—Two furnished light housekeeping rooms with garage. If children are objected to, do not answer. Must be reasonable. Address, Box 712. 10R2.

W. A. Jackson Company's Great June Jubilee a Great Success!

Thursday, Friday and Saturday, the three first days of this great Sale proved to be all that the management could have looked for or expected, in fact, we went over the top, and still they come. The crowds have been large, jolly and buying heavy each day for the first three days as state dabove. This sale was advertised to run 9 Selling Days, closing Saturday night, June 16th, so we only have Six more selling days and the Sale will close just as advertised. We'll tsruggle on then with all former prices quoted in our big Four Page Circular all of the coming week. Saturday night, June 16th—the last day—our last stand, our final farewell; we positively bring to a close Mexia's Greatest Money saving event. There is an overpowering impulse upon us to thank everybody over again for their whole hearted co-operation. We've attained our object at an enormous sacrifice of profits to us but at same time we've built a reputation for honesty in our advertising that we shall pride and jealously maintain—we want no crepe or flowers—just figure this out for yourself—let your only consideration be of your own interests. Make the most of these last days of greatest bargains. Remember Sale continues all of the coming week, closing Saturday night, June 16th, just as advertised.

W. A. Jackson Company, Mexia, Texas

Pershing Highway Is Nearly Completed

New Rock Road To Reunion Grounds One Of The Finest In The State And Is Used By Thousands Every Day

The wonderful rock road that Colonel Humphreys is building from Belnap street to his Playgrounds on the Navasota, will soon be finished. Two of the last gaps are now being closed with the heavy rock,and after a coat of the binder and the screenings the roller will finish this part and Colonel states, that with good weather he expects the road to be finished and ready for traffic in at least three weeks. This will be a most deilghtful drive and already many people are coming from the near-by towns to enjoy the long smooth ride and also take a dip in the natural lake of water at the playgrounds. Colonel has arranged for a refreshment parlor adjoining the bathing pavillion. This is in the hands of a most competent manager and cold drinks with sandwishes are served at a nominal cost so that picnic patries can avail themselves of the pleasures there at a small cost. Colonel states, that nothing at the playgrounds was, or will ever be, placed there for money-making. A small fee is charged for bathing suits and towels merely to keep the place in a wholsome and sanitary condition and make it self sustaining as it takes quite a lot of paid assistants to look after details and keep the surroundings in an inviting condition.

A rustic stone Way is being laid out from the main entrance to the pavillion and after entering under the arched way, which will soon be covered in Virginia Creeper, one has the vision before him of a natural park site, planned and maintained for the joy and recreation of all man kind. Colonel is being commended every day on his efforts and the pride he takes in this great breathing space that he has created for his many friends and the friends of Mexia and adjoining territory.

Two Men Held For Moore Killing

KANSAS CITY, Mo., June 8.—Two men were held by police today in connection with the mysterious death of Guy Moore, former Persident of the Board of Trade here.

David Dewerdt, 20 Belgian farmer youth, who lives near the Milwaukee railroad tracks where the grain broker's severed body was found Sunday, was taken into custody last night and held for questioning. Police at Liberty, Mo., at the same time arrested a man who was said to answer the description of a tramp sought by local authorities in conncetion with the mysterious murder.

The man when brought here said his name was Ralph Gillespie, 37, of Marion, Ohio. He denied any knowledge of the crime.

Miss Virginia Wood, who has for the past year been Supervisor of English in the Grammar school, has returned to her home in Granger, Texas. It is not known whether she will return next year.

FIRST CHRISTIAN CHURCH SERVICES

A Humphreys of this city is to have charge of the Hitt and Ellisor Barber Shop that is being opened up in Corsicana.

Startling New Facts About High Blood Pressure

The most frequent causes of high blood pressure is chronic toxemia, which is a general poisoning of the body by the absorption of poisons from the intestines. Poor digestion and constipation create toxic poisons that are absorbed into the blood causing the muscles controlling the arteries to contract, which in turn forces the heart to pump more vigorously to overcome the obstruction.

The pressure within the arteries rises and high blood pressure is present. It should be accepted as a warning which unless heeded, will eventually result in turning a curable condition into an incurable disease.

Nature, as in most ills, gives us ample warning. Dizziness, palpitation of the heart, nervousness, shortness of breath, ringing in the ears, feeling of fullness in the chest, are all symptoms of high blood pressure and should never be neglected.

A well known physician has devoted much of his time to discovering a means of reaching the cause of high blood pressure and only recently, after many thousands of successful clinical tests, his preparation has been put up in convenient tablet form and is dispensed by druggists under the name of Bi-a-lin. Bi-a-lin has the same medical properties as the human bile which is Nature's great antiseptic. Just a few day's treatment with Bi-a-lin so regulates the bile that it resumes its work of overcoming and eliminating the poisonous wastes that accumulate in the intestines. With these poisons gone, your blood pressure returns to normal.

Bi-a-lin is a mild, pleasant, harmless preparation that has been so remarkable in its results that the American distributors have authorized local druggists to dispense it with a guarantee to return the full purchase price if in any rare case the very first bottle does not give wonderful relief.

For sale in Mexia by Mexia Drug Company and Anderson & Gilliland. (Adv.)

Mr. and Mrs. R. J. Jackson, Miss Franchelle Jackson, Miss Mary Louis Thompson and Sam Jackson of Corsicana drove through from Corsicana Thursday to attend the Rotary luncheon given by Colonel Humphreys as his special guests.

Why do Oakland Engines keep running so smoothly?
LISTEN to an Oakland 6-44 engine that has delivered twenty thousand miles of service? Its smooth and silent flow of power amazes you! What is the reason? Sturdy crankshaft and connecting rods of the finest metals! Costly patented bronze-backed bearings! Lightest of moving parts reducing vibration to the minimum! A pressure feed lubrication system constantly bathing moving parts in oil! Cylinders honed to the smoothness of glass! And above all—accuracy and precision in manufacture. Drive a year-old Oakland—and you'll understand why Oakland's "Mileage Basis" gauge is such a true representation of real quality.

Canadian Border Bootlegger Oasis

By William J. Lech.
United Press Staff Correspondent.

WASHINGTON, June 8—With bootleggers operating boldly on the Canadian border of New York, bringing in thousands of gallons of liquor, Federal prohibition officials here show indifference, declaring that the gravity of the border situation had been "gorssly exaggerated."

If the Federal Government has any plans for meeting the situation—and Prohibition Commissioner Haynes, says he has not—officials are guarding them in strictest secrecy. Secretary of the Treasury Mellon, the nominal chief of enforcement as Haynes' superior, declaring he knows of no plan of Federal action asserted today that there is apparently no need to stiffen the Federal lines in New York or Haynes would have reported it to him. Mellon, however, considers the unguarded border as the most threatening feature of the New York situation.

SHERIFF'S SALE
STATE OF TEXAS,
County of Limestone.

Notice is hereby given that by virtue of a certain Order of Sale issued out of the Honorable District Court of Bexar County, of the 2nd day of June, 1923, by the District Clerk of said Bexar County, for the sum of $2,010.17 and costs of suit, under an Order of Sale and Foreclosure Lien, in favor of H. P. Drought & Company in a certain cause in said Court, No. 24703B and styled H. P. Drought & Company vs. J. H. Gibson et al, placed in my hands for service, I, Whit Popejoy as Sheriff of Limestone county, Texas, did, on the 5th day of June 1923, levy on certain Real Estate, situated in Limestone county, Texas, described as follows to-wit: All that certain tract of land, being eighty seven and one fourth (87¼) acres out of the N. C. Rojon Eleven Leagues in Limestone County, Texas, described as follows: Beginning at the Southwest corner of the 65 acre tract of land, conveyed by A. A. Jayne to N. S. Archer by deed recorded in book 55 page 185 Deed Records of Limestone county, Texas; thence North 35 West 540 varas to the Northwest corner of said tract, a stake on the South line of a 269 acre tract sold by Holiday to McKenzie; Thence South 55 West 104 varas; thence North 35 West 63 varas; thence South 55 west 321 varas to the upper Southwest corner of said 269 acre tract, this point being the northwest corner of a 65 acre tract heretofore conveyed to R. E. Wills by I. Shields; thence North 35 West 167 varas, more or less, to the Northeast corner of a 21¼ acre tract conveyed to R. S. Wills by P. K. McKenzie, this point being the Southeast corner of Sam Cox's home tract; thence South 55 West 294 varas to stake in branch; thence in a southeasterly direction with the meanders of said branch to the Southeast corner of said 21¼ acre tract, and the Southwest corner of the 65 acre tract hereinabove mentioned, a stake in said branch; thence North 55 East 425 varas to the place of beginning, and levied upon as the property of J. H. Gibson and wife, Laura Gibson, and I. B. Sadler and that on the first Tuesday in July 1923, the same being the 3rd day of said month, at the Court House door of Limestone County in the town of Groesbeck, Texas, between the hours of 10 A. M. and 4 P. M., by virtue of said levy and said Order of Sale, I will sell above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said J. H. Gibson and wife, Laura Gibson, and I. B. Sadler.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in The Mexia Daily News, a newspaper published in Limestone County.

Witness my hand, this 5th day of June, 1923.

Whit Popejoy,
Sheriff Limestone County, Texas.
By N. P. Harris, Deputy. (7-11-21)

SHERIFF'S SALE
THE STATE OF TEXAS,
County of Limestone.

Notice is hereby given that by virtue of a certain Order of Sale issued out of the Honorable District Court of Limestone County, of the 5th day of June 1923, by the District Clerk of said Limestone for the sum of Fifteen Hundred Nine-three 62-100 ($1593.62) Dollars and costs of suit under an Order of Sale and Attachment, in favor of Bradford Supply Company, in a certain cause in said Court, No. 3161B and styled Bradford Supply Company vs. Revere Oil Company, placed in my hands for service, I, Whit Popejoy, as Sheriff of Limestone county, Texas, did, on the 6th day of June, 1923, levy on certain Personal Property situated in Limestone County, Texas, described as follows, to-wit:

One Standard Oil Rig complete.
One Ajax Engine 12x12, complete.
One Rubber Drilling Belt.
2 Bull ropes.
1 4½ inch drilling stem.
2 6⅝ bits.

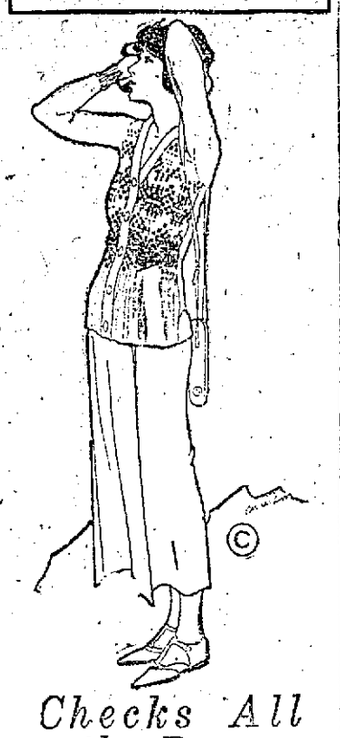
Hon. DeWitt Lamb went down to Ausein Thursday night to ersume his duties as a member of legislature.

Mrs. C. T. Tew and children left Saturday for Baden, N. C., to join Mr. Tew who left some weeks ago.

FASHION'S LATEST



Checks All the Rage

The old expression that there is nothing new under the sun hardly applies to knitted outerwear. Take, for instance, the sweater illustrated above. While one may truthfully declare that checks are not new, one has but to consider the arrangement of the checks and their effective color contrast to be convinced that there is something really new in checks. This particular sweater, with its immediate suggestion of summer, is fashioned of white worsted and fibre silk, interknitted. Black is employed to suggest the checks and at the waistline forms an effective wide band. A sweater of this sort—distinctive, smart—would be welcomed in any wardrobe, and is ideally suited for golf or any one of the numberless outdoor sports that summer claims as its own.

This is only one of innumerable sweaters featuring checked handlings. In some instances the checks appear both at the back and front, and again merely on the front sections. There is no more successful method of introducing color than in checks, and the sweater slogan for summer is "Be Gay, Be Colorful!" The term "check" is an elastic one, for checks are not necessarily square, in fact very often they are oblong in shape, or affect diamond shape contours. They do not even have to be arranged in checker-board fashion, for diversity is their keynote, and often they appear in odd shaped groups or in lines and borders. Women who are accepting the checked golf sweater with eagerness, are acting with good reason. It reflects that different something or other that is dear to every woman.

"Every Week-End Is a Vacation With This Buick"

Closed car comfort is combined perfectly with cross country touring convenience in this Buick six cylinder touring sedan.

In interior arrangement and appointment it is unusually attractive. Broad adjustable windows provide "open car vision" and airiness. And the smart trunk on the rear affords the luggage facilities so essential to touring.

Ask for a demonstration of this car. You will find in it many new qualities.

Fours		Sixes	
2 Pass. Road.	$ 865	2 Pass. Road.	$1175
